

# FRACTIONAL CARBON DIES - BROWNELLS 1 FRACTIONAL CARBON DIE (13/16 ) DIAMETER 7/32-40 THREAD

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Taps & Dies](#) > [Dies](#)

## High Quality To Help You Do The Best Work

The Brownells Fractional Carbon Dies are essential tools for gunsmiths and firearm enthusiasts, designed to cut precise external threads on various firearm components. Made from high-quality carbon steel, these dies ensure durability and accuracy in threading operations. These dies are available in a range of fractional sizes, accommodating diverse threading needs. Each die features a 13/16" outer diameter, making them compatible with standard die stocks. The use of carbon steel allows for easy removal of broken die fragments, as they can be shattered with a punch if necessary. Specifications: Material: Carbon steel Outer Diameter: 13/16" Thread Sizes: Various fractional sizes Customer Insights: Users of the Brownells Fractional Carbon Dies appreciate their precision and reliability in threading tasks. The carbon steel construction not only provides durability but also facilitates easy removal of broken fragments, enhancing the overall user experience. The Brownells Fractional Carbon Dies are a valuable addition to any gunsmith's toolkit, offering precise threading capabilities and robust construction for reliable performance.

## Attributes

- Name: [BROWNELLS 1 FRACTIONAL CARBON DIE \(13/16 \) DIAMETER 7/32-40 THREAD](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 080598112
- Mfr. No.:
- Die Style: Fractional
- Material: -
- Threads: 7/32"-40
- Delivery weight: 0.136kg
- Shipping height: 1mm
- Shipping width: 83mm
- Shipping length: 146mm
- UPC: 050806018730

# Safety Instruction Guide for Brownells Fractional Carbon Dies

## Introduction

Thank you for choosing the Brownells Fractional Carbon Dies. These tools are designed for precision threading on various firearm components. To ensure safe and effective use, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure safe use of the product by following all instructions.
- Be aware of potential hazards associated with using threading dies.
- Always use personal protective equipment (PPE) such as safety glasses and gloves when operating the dies.
- Keep the dies out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Inspect the dies for any damage before use. Do not use if damaged.
- Use the dies only for their intended purpose of cutting external threads.
- Ensure that the die stock is compatible with the 13/16" outer diameter of the dies.
- Do not force the die if it becomes stuck; instead, back it out gently.
- If a die breaks, use a punch to shatter the broken fragments for easy removal.
- Always store the dies in a safe and secure location when not in use.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools and safety equipment.
- Ensure the work area is clean and welllit.

### 2. Installation

- Select the appropriate fractional die for your threading needs.
- Attach the die to a compatible die stock, ensuring it is securely fastened.

### 3. Usage

- Align the die with the workpiece and begin threading.
- Apply consistent pressure while turning the die to cut threads.
- Periodically check the progress to ensure proper threading.
- If resistance is felt, stop and assess the situation before proceeding.

### 4. PostUse Care

- Clean the dies after use to remove any debris or residue.
- Store the dies in their protective case or designated storage area.

## **Disposal Instructions**

- Dispose of broken or damaged dies in accordance with local regulations.
- Do not dispose of the dies in regular household waste. Check for local recycling or hazardous waste disposal options.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the Brownells Fractional Carbon Dies, please refer to the manufacturer's contact information provided with your product packaging.

By following these safety instructions, you can ensure a safe and effective experience with the Brownells Fractional Carbon Dies. Thank you for your attention to these guidelines, and enjoy your work with precision threading!
