Safety Instruction Guide for BARREL/RECEIVER DIES BROWNELLS BARREL/RCVR DIE 2 DIA. 1 16 TPI FOR FN/FAL

Introduction

Thank you for choosing the BARREL/RECEIVER DIES BROWNELLS BARREL/RCVR DIE 2 DIA. 1 16 TPI FOR FN/FAL. This product is designed to clean and chase dinged or imperfect threads, making it an essential tool for any rebarreling job. It is particularly useful when installing "nolathe," prethreaded barrels. Please read and follow these safety instructions carefully to ensure safe usage and optimal performance.

General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Keep the dies out of reach of children and vulnerable individuals.
- Inspect the product before each use for any signs of damage or wear.
- Use appropriate personal protective equipment (PPE), including safety glasses and gloves, when handling the dies.
- Report any unsafe conditions or product-related accidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the workspace is clean and free of any obstructions before using the dies.
- Do not use the dies on materials or threads for which they are not designed.
- Always secure the workpiece properly to prevent movement during use.
- Avoid applying excessive force when using the dies, as this may cause damage to both the dies and the workpiece.
- If you experience resistance while using the dies, stop immediately and assess the situation before continuing.
- Store the dies in a dry and secure location when not in use to prevent corrosion and damage.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials before starting.
- Ensure that the work area is well lit and organized.

2. Inspect the Dies:

- Check the dies for any visible damage or wear. Do not use if damaged.

3. Select the Appropriate Die:

- Choose the correct die size for your application:
 - 1.00"16 tpi fits FNFAL
 - 1.10"12 tpi fits Large Ring Mauser
 - 11/16"16 tpi fits Remington 700 and XP100
 - 1.055"20 tpi fits Savage 110/112

4. Secure the Workpiece:

- Use a vise or clamps to hold the workpiece securely during operation.

5. Using the Die:

- Align the die with the threads of the workpiece.
- Apply gentle pressure and turn the die clockwise to cut or chase the threads.
- If resistance is felt, stop and check for misalignment or debris.

6. Completion:

- Once the threading is complete, carefully remove the die from the workpiece.
- Clean the die and workpiece to remove any metal shavings or debris.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding metal waste.
- Do not throw the dies in regular household waste. Check with local authorities for recycling options.

Contact Information for Further Support

For any inquiries or concerns regarding the use of this product, please refer to the manufacturer's contact information provided on the packaging or in the product documentation.

By following these safety instructions, you can ensure the safe and effective use of the BARREL/RECEIVER DIES BROWNELLS BARREL/RCVR DIE 2 DIA. 1 16 TPI FOR FN/FAL. Thank you for your attention to these guidelines, and happy rebarreling!
