Safety Instruction Guide for 1911 AUTO OVERSIZED STOCK BUSHINGS & TAP

Introduction

Thank you for choosing the 1911 AUTO OVERSIZED STOCK BUSHINGS & TAP by BROWNELLS. This product is designed to provide a professional solution for stripped out stock bushing holes in 1911 firearms. This guide contains essential safety information, usage instructions, and contact information for further support.

General Safety Guidelines

- Ensure safe use of all nonfood products, including tools and accessories.
- Be aware of potential risks associated with using tools, including injury and damage to property.
- Always follow safety precautions when using power tools or hand tools.
- Keep this product out of reach of children and vulnerable individuals.
- Regularly check for recalls or safety alerts related to this product.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) such as safety goggles and gloves when using the tap and bushings.
- Ensure that the work area is clean, welllit, and free from hazards.
- Use the product only for its intended purpose as described in the instructions.
- Avoid using excessive force when tapping to prevent damage to the firearm or injury.
- Do not use the tap if it is damaged or worn; replace it immediately.
- Keep hands and other body parts clear of the drill area during use.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is unloaded and safe to work on.
- Gather all necessary tools and materials, including the 1911 AUTO OVERSIZED BUSHING TAP, bushings, and original grip screws.

2. Cleaning the Frame:

- Use the special tap to clean out any stripped frame threads. This will prepare the area for new threads.

3. Tapping New Threads:

- Carefully align the tap with the stripped hole.
- Slowly and steadily turn the tap into the hole without predrilling. Apply light pressure to cut new threads.
- Periodically back the tap out to clear any debris and ensure smooth cutting.

4. Inserting Bushings:

- Once the new threads are cut, insert the matching bushing into the frame.
- Use the original grip screw to secure the bushing in place.

5. Final Checks:

- Ensure that the bushing is firmly in place and that the grip screw is tightened properly.
- Inspect the installation for any signs of improper fitting or damage.

Disposal Instructions

- Dispose of any unused or damaged parts in accordance with local regulations.
- Do not dispose of tools or materials in regular household waste. Check for local recycling or hazardous waste disposal programs.

Contact Information for Further Support

For any inquiries regarding the safety or use of the 1911 AUTO OVERSIZED STOCK BUSHINGS & TAP, please contact the manufacturer directly. Ensure to have the product details available for reference.

Thank you for following these safety instructions. Your safety and satisfaction are our top priorities.
