Safety Instruction Guide for REVOLVER BARREL/FRAME DIES COLT SA DIE

Introduction

Thank you for choosing the Brownells Revolver Barrel/Frame Dies. These precision tools are designed for gunsmiths to accurately thread revolver barrels and frames. It is essential to follow the safety instructions outlined in this guide to ensure safe and effective use of the product.

General Safety Guidelines

- Always read and understand the user manual before using the product.
- Ensure that the workspace is clean, organized, and free of hazards.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling tools.
- Keep the dies out of reach of children and unauthorized users.
- Regularly inspect the dies for wear and damage before use.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure the die is compatible with your revolver model before use.
- Use the dies only for their intended purpose—threading revolver barrels and frames.
- Do not force the die onto the barrel or frame; ensure it fits properly.
- Avoid using excessive force when threading to prevent damage to the die or firearm.
- Always work in a wellventilated area to avoid inhaling metal shavings or dust.
- Dispose of any metal shavings or debris safely to prevent injury.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and equipment.
- Ensure the revolver is unloaded and pointed in a safe direction.

2. Installation:

- Select the appropriate die for your specific revolver model.
- Secure the die in a suitable threading tool or lathe.
- Align the die with the barrel or frame to ensure proper threading.

3. Usage:

- Begin threading at a slow speed to ensure accuracy.
- Gradually increase speed as you become comfortable with the process.
- Periodically check the alignment and fit to prevent crossthreading.
- Once threading is complete, carefully remove the die and inspect the threads.

4. PostUsage:

- Clean the dies after each use to maintain their threading capabilities.
- Store the dies in a safe, dry location when not in use.

Disposal Instructions

- Dispose of the dies in accordance with local regulations.
- Ensure that any metal shavings or debris are collected and disposed of safely.
- Do not dispose of dies in regular household waste if they are damaged or broken.

Contact Information for Further Support

For any inquiries or further assistance regarding the use of the Brownells Revolver Barrel/Frame Dies, please reach out to your local distributor or the manufacturer directly. Always ensure that you have the latest information regarding product safety and usage.

By following these guidelines, you can ensure safe and effective use of the Brownells Revolver Barrel/Frame Dies. Thank you for prioritizing safety in your gunsmithing projects.
