High Quality To Help You Do The Best Work

STEEL TAPS The Reiff & Nestor Company Steel Taps are precision-engineered tools designed for gunsmiths and firearm enthusiasts to create or repair internal threads in firearm components. Crafted from steel, these taps offer superior durability and maintain their hardness even under high temperatures, making them ideal for continuous use. These taps are available in various thread sizes and styles, including bottom, plug and taper taps which are essential for threading close to the bottom of blind holes. The steel construction ensures longevity and precise threading, accommodating a wide range of gunsmithing applications. Specifications: Material: Steel Tap Styles: Bottom Tap Plug Taper Thread Sizes Available: 8-40 10-32 3/16-32 3-56 6-40 7/32-40 1/4-28 1/4-30 1/4-22 Customer Insights: Users of the Reiff & Nestor Company Steel Taps appreciate their precision and durability. The high-speed steel construction allows for efficient threading without compromising the tool's integrity, making these taps a reliable choice for both professional gunsmiths and hobbyists. Incorporating the Reiff & Nestor Company Steel Taps into your gunsmithing toolkit ensures reliable and accurate threading, enhancing the quality and longevity of firearm components.

Attributes

- Name: [STEEL BOTTOM TAP 3/16"-32 THREAD](#)
- Manufacturer: [REIFF & NESTOR COMPANY](#)
- Product no.: 080604332
- Mfr. No.: 47118
- Material: Steel
- Style: Bottom
- Threads: 3/16-32
- Delivery weight: 0.005kg
- Shipping width: 83mm
- Shipping length: 146mm

Safety Instruction Guide for STEEL TAPS STEEL BOTTOM TAP 3/16"32 THREAD

Introduction

Thank you for choosing the Reiff & Nestor Company Steel Taps. These precisionengineered tools are designed for gunsmiths and firearm enthusiasts to create or repair internal threads in firearm components. This safety instruction guide provides essential information to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the taps out of reach of children and vulnerable individuals.
- Always wear appropriate personal protective equipment (PPE) such as safety goggles and gloves when using the taps.
- Inspect the taps for any damage before use. Do not use damaged tools.
- Store the taps in a dry, secure location to prevent rust and damage.

Specific Safety Precautions for Use

- Avoid using excessive force when tapping to prevent breakage.
- Ensure the workpiece is securely clamped to prevent movement during tapping.
- Use cutting oil or lubricant to reduce friction and improve performance during tapping.
- Follow the recommended thread sizes and styles to avoid complications.
- If you experience any issues during use, stop immediately and assess the situation.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials before starting.
- Ensure your work area is clean and welllit.

2. Selecting the Appropriate Tap:

- Choose the correct tap size and style (bottom tap, plug, or taper) based on your threading needs.

3. Drilling the Hole:

- Drill a pilot hole in the workpiece using the appropriate drill bit size for the tap you are using.

4. Tapping Procedure:

- Apply cutting oil to the tap and the hole.
- Insert the tap into the hole and turn it clockwise to start threading.
- Apply steady, even pressure while turning the tap. Do not force it.
- After every full turn, back the tap out slightly to clear any debris.
- Continue until the desired depth is reached.

5. Finishing Up:

- Once tapping is complete, remove the tap and clean the threads.
- Inspect the threads for accuracy and smoothness.

Disposal Instructions

- Dispose of any damaged or unusable taps responsibly according to local regulations.
- Recycle materials where possible to minimize environmental impact.

Contact Information for Further Support

For any safety inquiries or concerns regarding the usage of the Reiff & Nestor Company Steel Taps, please refer to the contact information provided on the packaging or the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective experience while using the Reiff & Nestor Company Steel Taps. Always prioritize safety and quality in your gunsmithing projects.
