

SHOTGUN BARREL POLISHING FLEX HONE® - 20 GAUGE MEDIUM-COURSE FLEX HONE, BORE

[Gunsmith Tools & Supplies](#) > [Shotgun Tools](#) > [Barrel Hones & Accessories](#)

Puts Finish Polish On Shotgun Bores That Is Truly Outstanding

Hundreds of abrasive "balls" mounted on a flexible shaft - the fastest, easiest way we've come across to clean and polish older barrels or put a mirror polish in new ones. For used barrels, the Medium-Coarse hone, followed by the Fine, removes rough and tight spots and brings the bore to a bright finish that you can see and feel . . . just run a patch through it before and after; the difference is amazing! We found too, that we could feel tight spots during honing and spend extra time on them until they were evened out. On new barrels, the Fine hone by itself will bring the factory finish up to a beautiful, mirror-bright finish that's a real customer pleaser. Easy to use: chuck in a variable speed electric drill; wet the hone with Flex Hone® oil; start the drill and insert the hone into the barrel from the breech end (if possible). As it cuts, a slurry of abrasive and oil develops to help speed the cutting action. Flex Hone® available (shown below) in sets and individual hones for 10, 12, 16 and 20 gauge barrels as well as .410 bore. Also, special-sized hones for 10, 12, 16, 20 gauge chambers and .410 bore. Instructions walk you through the steps for a perfect job. (You MUST use Flex Hone® oil - all other oils will destroy the abrasive "balls" and void our guarantee!) 750 RPM MAX. Avoid excess pressure. SHOTGUN BARREL POLISHING FLEX HONE® 20 GAUGE MEDIUMCOURSE FLEX HONE, BORE Safety Instruction Guide

Introduction

Thank you for choosing the SHOTGUN BARREL POLISHING FLEX HONE® 20 GAUGE MEDIUMCOURSE FLEX HONE, BORE. This product is designed to effectively clean and polish shotgun barrels. To ensure your safety and the proper use of this product, please read this safety instruction guide carefully.

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Always wear appropriate personal protective equipment (PPE), such as safety goggles and gloves, while using the Flex Hone.
- Keep the work area clean and welllit to avoid accidents.
- Ensure that the electric drill used is in good working condition and has the appropriate speed settings.
- Store the product in a dry place, away from children and pets.
- Regularly inspect the Flex Hone for wear and tear before use.
- In case of any malfunction or damage, discontinue use immediately and contact the manufacturer.

Specific Safety Precautions for Use

• Hazard Identification:

- Risk of injury from moving parts of the drill.
- Inhalation of dust particles generated during honing.
- Risk of skin irritation from Flex Hone® oil.

• Avoiding Hazards:

- Always operate the drill at a safe distance from your body.
- Use a dust mask if you are sensitive to dust or are honing a heavily fouled barrel.
- Avoid contact with the abrasive "balls" to prevent skin irritation.
- Do not use any oils other than Flex Hone® oil, as they may damage the product and void the warranty.

• Age Specific Warnings:

- This product is not intended for use by children. Keep out of reach of children.
- Ensure that users are trained and competent in using power tools.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary materials, including the Flex Hone, Flex Hone® oil, and a variable speed electric drill.
- Ensure the drill is compatible with the Flex Hone.

2. Setup:

- Insert the Flex Hone into the chuck of the electric drill securely.
- Adjust the drill to a maximum speed of 750 RPM.

3. Honing Process:

- Wet the Flex Hone with Flex Hone® oil to facilitate cutting.
- Insert the hone into the barrel from the breech end (if possible).
- Start the drill and gently move the hone back and forth within the barrel.
- Monitor the process and feel for tight spots. Spend extra time honing these areas until they are smooth.
- After honing, run a patch through the barrel to remove any debris.

4. PostUse:

- Clean the Flex Hone after use and store it in a safe place.
- Dispose of any used patches and debris according to local regulations.

Disposal Instructions

- Dispose of the Flex Hone and any used materials in accordance with local waste disposal regulations.
- Do not dispose of the product in regular household waste if it is deemed hazardous.

Contact Information for Further Support

For any questions or concerns regarding the SHOTGUN BARREL POLISHING FLEX HONE®, please refer to the manufacturer's contact information provided with the product packaging or on the official website.

Conclusion

By adhering to these safety instructions, you can ensure a safe and effective experience while using the SHOTGUN BARREL POLISHING FLEX HONE® 20 GAUGE MEDIUMCOURSE FLEX HONE, BORE. Thank you for your attention to safety. Enjoy your polishing experience!
