## **Silicon Carbide Abrasive Balls For Flawless "Inside" Polishing On Revolvers & Semi- Auto Pistols**

**BROWNELLS CYLINDER POLISHING SYSTEM** The Brownells Cylinder Polishing System is a specialized tool designed to smooth and polish rough or scored revolver chambers, enhancing extraction efficiency and overall firearm performance. By eliminating imperfections within the cylinder, this system ensures a friction-free surface, thereby reducing the likelihood of extraction issues during operation. **Description and Features:** This polishing system utilizes medium and fine grit silicon carbide abrasives embedded in twisted steel shafts, providing effective material removal and a polished finish. The hones are 3 inches in length, making them suitable for various revolver calibers, including .32, .38/.357, .41, .44, .45 ACP, and .45 Colt. Additionally, the system can be employed to remove machine marks on semi-automatic pistol spring "ways," resulting in smoother hammer falls and improved cycling. For optimal performance and longevity of the hones, it is recommended to use them with Flex-Hone oil. **Specifications:** Abrasive Material: Silicon carbide Grit Options: Medium and fine Shaft Material: Twisted steel Hone Length: 3 inches Compatible Calibers: .32, .38/.357, .41, .44, .45 ACP, .45 Colt Customer Insights: Customers of the Brownells Cylinder Polishing System commend its effectiveness in resolving extraction problems by providing a smooth, polished chamber surface. The ease of use and quick results are frequently highlighted, with many noting significant improvements in firearm performance after application. The system's versatility in accommodating various calibers and its ability to enhance semi-automatic pistol operation by smoothing spring "ways" are also appreciated. Incorporating the Brownells Cylinder Polishing System into your gunsmithing toolkit ensures efficient and thorough polishing of revolver chambers and semi-automatic pistol components, leading to enhanced reliability and performance of your firearms.

## **Attributes**

- Name: [POLISHING HONE MEDIUM COURSE .45 COLT GRAY](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 080608146
- Mfr. No.: 00907
- Color: Gray
- Length: 3"
- Make: Colt
- Material: Steel
- Model: Universal Handguns
- Model Number: .45 Colt Medium
- Delivery weight: 0.091kg
- Shipping height: 3mm
- Shipping width: 74mm
- Shipping length: 165mm
- UPC: 050806019133

# Brownell's Cylinder Polishing System Safety Instructions

## Introduction

Thank you for choosing the Brownell's Cylinder Polishing System. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of the product. Please read this document carefully before using the polishing system.

## General Safety Guidelines

- Ensure you are familiar with the product and its intended use before starting.
- Always wear appropriate personal protective equipment (PPE), such as safety goggles and gloves, to protect against dust and debris.
- Keep the workspace clean and free from clutter to avoid accidents.
- Store the polishing system in a dry place, away from direct sunlight and moisture.
- Do not use the polishing system for any purpose other than its intended use as described in this guide.
- Always supervise the use of this product by children or inexperienced users.

## Specific Safety Precautions for Use

- Before use, inspect the polishing hones for any visible damage or wear. Do not use damaged hones.
- Use the polishing system in a wellventilated area to minimize inhalation of dust particles.
- Avoid contact with moving parts during operation to prevent injury.
- Ensure the firearm is unloaded and secured before using the polishing system.
- Follow the manufacturer's recommendations for the use of FlexHone oil to maximize the performance and longevity of the hones.
- Keep the polishing system out of reach of children and pets when not in use.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials, including the Brownell's Cylinder Polishing System and FlexHone oil.
- Ensure the firearm is unloaded and in a safe condition before beginning work.

### 2. Installation:

- Select the appropriate polishing hone based on the caliber of the revolver you are working on.
- Insert the hone into the appropriate tool or drill, ensuring it is securely attached.

### 3. Application:

- Apply a few drops of FlexHone oil to the polishing hone before use.
- Insert the hone into the revolver chamber and operate the tool at a low speed.
- Move the hone in and out of the chamber smoothly, ensuring even contact with the surface.
- Periodically check the progress and remove any debris from the chamber.

### 4. PostUse:

- After polishing, clean the chamber thoroughly to remove any remaining abrasive particles.
- Inspect the polished surface to ensure it meets your expectations.

- Store the polishing system and any remaining oil in a safe location.

## **Disposal Instructions**

- Dispose of any used polishing hones and materials in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, check for recycling options in your area.

## **Contact Information for Further Support**

For any questions or concerns regarding the Brownell's Cylinder Polishing System, please refer to the manufacturer's website or contact their customer support for assistance.

By following these safety instructions, you can ensure the effective and safe use of the Brownell's Cylinder Polishing System. Thank you for prioritizing safety while maintaining your firearms.
