Silicon Carbide Abrasive Balls For Flawless "Inside" Polishing On Revolvers & Semi-Auto Pistols

BROWNELLS MAINSPRING HOUSING HONE POLISHING SYSTEM FOR 1911 The Brownells Mainspring Housing Hone Polishing System for 1911 is a specialized tool designed to polish the interior of Government or Commander mainspring housings, resulting in a smooth, burr-free surface. This refinement is crucial for achieving a professional-grade trigger job, as it ensures consistent mainspring compression and reliable trigger performance. Description and Features: Crafted from durable silicon carbide, these hones are available in two grit options: medium (400 grit) and fine (800 grit). The medium grit hone efficiently removes rough spots and machining marks, while the fine grit hone provides a polished finish. Each hone measures 8 inches in overall length, allowing for easy access and maneuverability within the mainspring housing. For optimal results and to prolong the life of the hones, it is recommended to use them with Flex-Hone Oil. Specifications: Material: Silicon carbide Grit Options: Medium (400 grit) and Fine (800 grit) Length: 8 inches Compatibility: Fits Government and Commander 1911 mainspring housings Customer Insights: Customers of the Brownells Mainspring Housing Hone Polishing System appreciate its effectiveness in achieving a smooth, polished interior surface within the mainspring housing. The availability of both medium and fine grit options allows for a two-step polishing process, enhancing the quality of trigger jobs. Customers also value the durability of the silicon carbide material, noting that the hones maintain their effectiveness over multiple uses. Incorporating the Brownells Mainspring Housing Hone Polishing System for 1911 into your gunsmithing toolkit ensures precise and efficient polishing of mainspring housings, leading to improved trigger performance and overall firearm reliability.

Safety Instruction Guide for Mainspring Housing Hone Polishing System for 1911

Introduction

Thank you for choosing the Mainspring Housing Hone Polishing System for your 1911 firearm. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this document carefully before using the product.

General Safety Guidelines

- Always handle the polishing system with care to avoid injury.
- Ensure that the workspace is clean, dry, and welllit before use.
- Keep the product out of reach of children and vulnerable individuals.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, during use.
- Regularly inspect the product for any signs of damage or wear. Do not use if damaged.
- Follow all local laws and regulations regarding the use of firearm accessories.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Abrasive materials can cause skin irritation; use gloves to protect your hands.
 - The product may produce small particles during use; wear a dust mask to avoid inhalation.
 - Ensure that the polishing system is securely attached to avoid accidental detachment during use.
- **Avoiding Hazards:**
 - Do not use the product in wet or damp conditions.
 - Keep fingers and other body parts away from moving parts during operation.
 - Do not exceed the recommended operating speed as indicated in the product specifications.

Instructions for Installation and Usage

- **Installation:**
 1. Ensure the Mainspring Housing Hone is clean and free from any debris.
 2. Attach the hone to the drill or suitable power tool, ensuring it is securely fastened.
 3. Apply a few drops of FlexHone oil to the hone before use to enhance performance.
- **Usage:**
 1. Position the hone over the Mainspring Housing of the 1911 firearm.
 2. Start the drill at a low speed to ensure control.
 3. Gradually increase the speed as needed, but do not exceed the recommended limits.
 4. Move the hone in and out gently to achieve an even polish, ensuring not to overpolish any area.
 5. After use, clean the hone thoroughly and store it in a safe place.

Disposal Instructions

- Dispose of the product in accordance with local regulations for hazardous materials.
- Do not dispose of the product in regular household waste.

- Contact your local waste management facility for guidance on safe disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please reach out to the designated EU-based contact point provided with the product packaging or documentation.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with the Mainspring Housing Hone Polishing System. Always prioritize safety and refer back to this guide as needed. Thank you for your attention to these important safety measures.
