# RIFLE POLISHING SYSTEM 44 CALIBER 800 GRIT CHAMBER HONE Safety Instruction Guide

## Introduction

Thank you for choosing the RIFLE POLISHING SYSTEM 44 CALIBER 800 GRIT CHAMBER HONE. This product is designed to provide an effective and efficient means of polishing rough or scored chambers in firearms. To ensure safe and proper use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure that the work area is clean, dry, and well lit.
- Keep the product out of reach of children and vulnerable individuals.
- Wear appropriate personal protective equipment (PPE), including safety goggles and gloves.
- Do not use the product if it appears damaged or defective.
- Report any unsafe conditions or incidents to the relevant authorities.
- Check for product recalls and safety updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- Abrasive materials may cause skin or eye irritation.
- Improper use may lead to damage to the firearm or personal injury.

- **Avoiding Hazards:**

- Always use Flex Hone Oil as specified; failure to do so may result in ineffective polishing and potential damage.
- Do not exceed the recommended shank length for your firearm caliber.
- Ensure the firearm is unloaded and in a safe condition before use.
- Maintain a firm grip on the tool to prevent slippage during operation.

- **Age Specific Warnings:**

- This product is not intended for use by individuals under the age of 18 without adult supervision.

## Instructions for Installation and Usage

- **Installation:**

1. Select the appropriate Flex Hone for your firearm caliber.
2. Attach the Flex Hone to a power drill according to the manufacturer's specifications.
3. Ensure the Flex Hone is securely fastened to prevent dislodging during use.

- **Usage:**

1. Apply a generous amount of Flex Hone Oil to the abrasive balls before use.
2. Insert the Flex Hone into the chamber of the firearm.
3. Operate the drill at a low speed to begin polishing.
4. Move the Flex Hone in and out of the chamber gently for several minutes.
5. Periodically check the progress and add more Flex Hone Oil as needed.

6. Once completed, remove the Flex Hone and clean the chamber thoroughly to remove any debris.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations for hazardous materials.
- Do not dispose of the product in regular household waste.
- Contact local waste management authorities for appropriate disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding safety, usage, or disposal of the RIFLE POLISHING SYSTEM 44 CALIBER 800 GRIT CHAMBER HONE, please refer to the manufacturer's website or customer service resources.

Thank you for your attention to these safety instructions. Your safety is our priority.
