## Tells Instantly If Barrel & Cylinder Are In Perfect Alignment-Match & Service Grade Available

Lets you know instantly if a revolver barrel and cylinder are in perfect alignment and if cylinder crane or yoke has been sprung, thus throwing axis of each out of line with axis of barrel bore . . . for timing - "accuracy jobs" . . . locating cause of lead splatter . . . professional service inspections. An excellent tool to use when demonstrating to a customer "why"! The handle with knurled grip end is threaded to take any of the interchangeable heads, with sizes carefully selected to indicate very small misalignments. The .38 caliber heads are available in two diameters, one for Match guns that must be dead on for best performance and one for Service guns which aren't always thoroughly clean and don't have to meet quite as fine an accuracy standard. And, there's a special head for the S&W K-22 which has a slightly undersized bore.

## Attributes

- Name: [BROWNELLS RANGE ROD MATCH KIT](#)

# Safety Instruction Guide for REVOLVER RANGE RODS BROWNELLS RANGE ROD MATCH KIT

## Introduction

Thank you for choosing the REVOLVER RANGE RODS BROWNELLS RANGE ROD MATCH KIT. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read and follow these instructions carefully to avoid any potential hazards.

## General Safety Guidelines

- Always ensure that the revolver is unloaded before using the range rods.
- Keep the range rods out of reach of children and vulnerable individuals.
- Use the product only as intended, following all instructions provided.
- Regularly inspect the range rods for any signs of wear or damage before use.
- If you notice any damage, discontinue use immediately and consult a professional.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls via the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Alignment Checks:** Always confirm that the revolver barrel and cylinder are in perfect alignment before proceeding with any shooting.
- **Avoid Misalignment:** Be cautious when using the range rods to avoid misalignment of the cylinder crane or yoke.
- **Professional Inspections:** If you are unsure about the alignment or condition of your revolver, seek professional service inspections.
- **Handling:** Use the handle with care, ensuring a firm grip with the knurled end to prevent slippage during use.
- **Head Interchangeability:** Only use the designated heads for specific caliber rods to ensure accurate measurements.
- **Storage:** Store the range rods in the provided fitted storage box to prevent damage and ensure longevity.

## Instructions for Installation and Usage

### 1. Selecting the Right Head:

- Choose the appropriate head size for the revolver caliber you are working with.
- Ensure that the head fits securely onto the handle.

### 2. Attaching the Head:

- Thread the selected head onto the handle until it is firmly secured.

### 3. Using the Range Rod:

- Insert the range rod into the revolver barrel.
- Check for alignment by observing the position of the rod in relation to the cylinder.
- If the rod does not align perfectly, it may indicate an issue with the revolver's timing or alignment.

### 4. Removing the Range Rod:

- Carefully unscrew the head from the handle after use.
- Store the head and handle in the fitted storage box.

#### **5. Cleaning and Maintenance:**

- Wipe the range rods with a soft, dry cloth after each use to remove any debris.
- Store in a dry place to prevent rust and corrosion.

## **Disposal Instructions**

- Dispose of any damaged or worn range rods responsibly.
- Follow local regulations for the disposal of tools and equipment.
- Do not dispose of the product in household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the REVOLVER RANGE RODS BROWNELLS RANGE ROD MATCH KIT, please refer to the manufacturer's website or contact your local supplier for assistance.

By following these safety instructions, you can ensure a safe and effective experience with your REVOLVER RANGE RODS BROWNELLS RANGE ROD MATCH KIT. Thank you for your attention to safety.
