## Tells Instantly If Barrel & Cylinder Are In Perfect Alignment-Match & Service Grade Available

Lets you know instantly if a revolver barrel and cylinder are in perfect alignment and if cylinder crane or yoke has been sprung, thus throwing axis of each out of line with axis of barrel bore . . . for timing - "accuracy jobs" . . . locating cause of lead splatter . . . professional service inspections. An excellent tool to use when demonstrating to a customer "why"! The handle with knurled grip end is threaded to take any of the interchangeable heads, with sizes carefully selected to indicate very small misalignments. The .38 caliber heads are available in two diameters, one for Match guns that must be dead on for best performance and one for Service guns which aren't always thoroughly clean and don't have to meet quite as fine an accuracy standard. And, there's a special head for the S&W K-22 which has a slightly undersized bore.

## Attributes

- Name: [BROWNELLS REVOLVER RANGE ROD MASTER KIT](#)

# Safety Instruction Guide for REVOLVER RANGE RODS BROWNELLS REVOLVER RANGE ROD MASTER KIT

## Introduction

Thank you for choosing the REVOLVER RANGE RODS BROWNELLS REVOLVER RANGE ROD MASTER KIT. This guide provides essential safety instructions to ensure the proper and safe use of this product. Please read and follow all instructions carefully to avoid any potential hazards.

## General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and unauthorized users.
- Inspect the product before each use to ensure it is in good condition.
- Do not use the product if it appears damaged or defective.
- Report any accidents or unsafe product conditions to the appropriate authorities.
- Stay informed about safety recalls and updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure the revolver is unloaded before using the range rods.
- Use the appropriate size range rod head for your specific revolver caliber.
- Avoid applying excessive force when inserting or adjusting the range rod heads.
- Do not use the range rods in any manner other than as intended.
- Store the range rods in their fitted storage box when not in use to prevent damage.
- Be cautious of sharp edges on the range rod heads; handle them with care.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the revolver is completely unloaded.
- Select the appropriate range rod head for the caliber of your revolver.

### 2. Attaching the Range Rod Head:

- Take the handle of the range rod and locate the threaded end.
- Screw the selected range rod head onto the threaded end of the handle until secure.

### 3. Using the Range Rod:

- Insert the range rod head into the revolver's barrel.
- Gently push the range rod through the barrel until it reaches the cylinder.
- Observe the alignment of the barrel and cylinder. Misalignment may indicate issues with the crane or yoke.

### 4. Removing the Range Rod:

- Carefully unscrew the range rod head from the handle after use.
- Clean the range rod heads as necessary to maintain their condition.

### 5. Storage:

- Place the range rod handle and heads back into their fitted storage box after use.
- Ensure the storage box is kept in a safe and dry location.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations for nonhazardous materials.
- Do not dispose of the product in household waste if it is damaged or contains hazardous materials.
- Check with local waste management authorities for specific disposal guidelines.

## **Contact Information for Further Support**

For any questions or concerns regarding the use or safety of the REVOLVER RANGE RODS BROWNELLS REVOLVER RANGE ROD MASTER KIT, please refer to the manufacturer's contact information provided with the product.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your REVOLVER RANGE RODS BROWNELLS REVOLVER RANGE ROD MASTER KIT. Thank you for your attention to safety.
