

# REVOLVER RANGE RODS - REVOLVER RANGE ROD COMBO FOR .41 MAGNUM

[Gunsmith Tools & Supplies](#) > [Handgun Tools](#) > [Alignment Tools](#) > [Range Rods](#)

## Tells Instantly If Barrel & Cylinder Are In Perfect Alignment-Match & Service Grade Available

Lets you know instantly if a revolver barrel and cylinder are in perfect alignment and if cylinder crane or yoke has been sprung, thus throwing axis of each out of line with axis of barrel bore . . . for timing - "accuracy jobs" . . . locating cause of lead splatter . . . professional service inspections. An excellent tool to use when demonstrating to a customer "why"! The handle with knurled grip end is threaded to take any of the interchangeable heads, with sizes carefully selected to indicate very small misalignments. The .38 caliber heads are available in two diameters, one for Match guns that must be dead on for best performance and one for Service guns which aren't always thoroughly clean and don't have to meet quite as fine an accuracy standard. And, there's a special head for the S&W K-22 which has a slightly undersized bore.

## Attributes

- Name: [REVOLVER RANGE ROD COMBO FOR .41 MAGNUM](#)

# Safety Instruction Guide for REVOLVER RANGE RODS REVOLVER RANGE ROD COMBO FOR .41 MAGNUM

## Introduction

Thank you for choosing the REVOLVER RANGE RODS REVOLVER RANGE ROD COMBO FOR .41 MAGNUM. This product is designed to help ensure the proper alignment of revolver barrels and cylinders, enhancing accuracy and safety during use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Always handle firearms and related tools with care and responsibility.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay informed about product recalls and safety updates via the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before using the REVOLVER RANGE RODS.
- Do not use the product if you notice any defects or damage.
- Use the product in a welllit area to ensure visibility and accuracy.
- Follow the manufacturer's instructions for proper handling and use.
- Be cautious of sharp edges on the heads and handle.
- Store the product in a safe and secure location when not in use.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather the necessary components: the handle, the appropriate head, and the instructions.

### 2. Attaching the Head

- Select the correct head for your specific caliber.
- Thread the head onto the handle securely, ensuring it is tightly fitted.

### 3. Using the Range Rod

- Insert the range rod into the revolver barrel.
- Align the rod with the cylinder to check for misalignment.
- Observe the alignment indicators on the rod to determine if adjustments are needed.

### 4. PostUse Care

- Carefully remove the range rod from the firearm.
- Clean the product as necessary to maintain its condition.
- Store the range rod and heads in the fitted storage box to prevent damage.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- If the product is damaged beyond use, consider recycling materials where possible.
- Do not dispose of the product in regular household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the REVOLVER RANGE RODS REVOLVER RANGE ROD COMBO FOR .41 MAGNUM, please refer to the manufacturer's contact information provided with the product packaging for assistance.

Thank you for your attention to these safety instructions. Your safety and the effective use of this product are our top priorities.
