

REVOLVER RANGE RODS - BROWNELLS REVOLVER RANGE ROD COMBO FOR S&W K-22

[Gunsmith Tools](#) > [Handgun Tools](#) > [Alignment Tools](#) > [Range Rods](#)

Tells Instantly If Barrel & Cylinder Are In Perfect Alignment-Match & Service Grade Available

Lets you know instantly if a revolver barrel and cylinder are in perfect alignment and if cylinder crane or yoke has been sprung, thus throwing axis of each out of line with axis of barrel bore . . . for timing - "accuracy jobs" . . . locating cause of lead splatter . . . professional service inspections. An excellent tool to use when demonstrating to a customer "why"! The handle with knurled grip end is threaded to take any of the interchangeable heads, with sizes carefully selected to indicate very small misalignments. The .38 caliber heads are available in two diameters, one for Match guns that must be dead on for best performance and one for Service guns which aren't always thoroughly clean and don't have to meet quite as fine an accuracy standard. And, there's a special head for the S&W K-22 which has a slightly undersized bore.

Attributes

- Name: [BROWNELLS REVOLVER RANGE ROD COMBO FOR S&W K-22](#)

Safety Instruction Guide for REVOLVER RANGE RODS BROWNELLS REVOLVER RANGE ROD COMBO FOR S&W K22

Introduction

Thank you for choosing the REVOLVER RANGE RODS BROWNELLS REVOLVER RANGE ROD COMBO FOR S&W K22. This product is designed to aid in the alignment of revolver barrels and cylinders, ensuring optimal performance and safety. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Always handle the product with care to avoid injury.
- Ensure that the revolver is unloaded before using the range rods.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the range rods for any signs of damage or wear.
- Do not use the product if it is damaged or malfunctioning.
- Follow all local laws and regulations regarding the use of firearms and related accessories.

Specific Safety Precautions for Use

- Use only the appropriate range rod heads for your specific revolver model.
- Ensure the handle is securely attached to the head before use.
- Do not force the range rod into the barrel or cylinder; this can cause damage.
- Avoid using the product in wet or damp conditions to prevent rusting.
- Always store the range rods in a dry place, preferably in the fitted storage box provided.
- If you experience any resistance while using the range rods, stop immediately and check for obstructions.

Instructions for Installation and Usage

1. **Select the Appropriate Head:** Choose the correct head size for your revolver. The combo includes various heads suitable for different calibers.
2. **Attach the Head:**
 - Thread the selected head onto the handle until it is secure.
 - Ensure that the head is properly aligned with the handle.
3. **Insert into the Barrel:**
 - With the revolver unloaded, gently insert the range rod into the barrel.
 - Ensure that it fits snugly but does not require excessive force.
4. **Check Alignment:**
 - Observe the alignment of the barrel and cylinder.
 - If misalignment is detected, further inspection may be necessary.
5. **Remove the Range Rod:**
 - Carefully remove the range rod from the barrel after use.
 - Clean the range rod as necessary to maintain its condition.

Disposal Instructions

- Dispose of any damaged or unusable range rods in accordance with local regulations.
- If the product is no longer needed, consider recycling it where possible.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support
