

REVOLVER RANGE RODS - BROWNELLS REVOLVER RANGE ROD HEAD FOR .44/40

[Gunsmith Tools](#) > [Handgun Tools](#) > [Alignment Tools](#) > [Range Rods](#)

Tells Instantly If Barrel & Cylinder Are In Perfect Alignment-Match & Service Grade Available

Lets you know instantly if a revolver barrel and cylinder are in perfect alignment and if cylinder crane or yoke has been sprung, thus throwing axis of each out of line with axis of barrel bore . . . for timing - "accuracy jobs" . . . locating cause of lead splatter . . . professional service inspections. An excellent tool to use when demonstrating to a customer "why"! The handle with knurled grip end is threaded to take any of the interchangeable heads, with sizes carefully selected to indicate very small misalignments. The .38 caliber heads are available in two diameters, one for Match guns that must be dead on for best performance and one for Service guns which aren't always thoroughly clean and don't have to meet quite as fine an accuracy standard. And, there's a special head for the S&W K-22 which has a slightly undersized bore.

REVOLVER RANGE RODS BROWNELLS REVOLVER RANGE ROD HEAD FOR .44/40 Safety Instruction Guide

Introduction

Thank you for choosing the REVOLVER RANGE RODS BROWNELLS REVOLVER RANGE ROD HEAD FOR .44/40. This product is designed to ensure that your revolver's barrel and cylinder are in perfect alignment. Proper use of this tool can help identify issues such as lead splatter and timing accuracy. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Inspect the product for any damage before each use. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals.
- Use protective eyewear when using the range rod to prevent eye injuries.
- Ensure that the revolver is unloaded before using the range rod.
- Do not attempt to modify the product in any way.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the revolver is pointed in a safe direction while using the range rod.
- Avoid using the range rod in wet or damp conditions to prevent slipping.
- Handle the product with care; do not drop or strike it against hard surfaces.
- When changing heads, ensure that they are securely threaded to prevent accidental detachment during use.
- Be cautious of any sharp edges on the heads and handle to prevent cuts or injuries.
- Use the correct size head for your specific revolver caliber to ensure accurate readings.

Instructions for Installation and Usage

1. Preparation

- Ensure that the revolver is completely unloaded.
- Select the appropriate head for your revolver caliber.

2. Attaching the Head

- Take the head and align it with the threaded end of the handle.
- Screw the head onto the handle securely until it is tight.

3. Using the Range Rod

- Insert the range rod into the revolver's barrel.
- Gently push the range rod until it makes contact with the cylinder.
- Observe the alignment and check for any misalignment based on the readings indicated by the range rod.

4. Interchanging Heads

- To change heads, unscrew the current head from the handle.
- Select a new head and attach it following the previous instructions.
- Make sure the new head is securely fastened before use.

5. PostUse Care

- After use, clean the heads and handle to remove any debris or lead residue.
- Store the range rod and heads in a safe, dry place to prevent damage.

Disposal Instructions

- Dispose of any damaged or unusable parts in accordance with local regulations.
- If the product is no longer needed, consider recycling it where facilities exist.
- Do not dispose of the product in general waste if it contains metal components.

Contact Information for Further Support

For any inquiries or support regarding the use of the REVOLVER RANGE RODS BROWNELLS REVOLVER RANGE ROD HEAD FOR .44/40, please refer to the manufacturer's customer service resources or visit the official website for additional information.

By adhering to these safety guidelines and instructions, you can ensure a safe and effective experience with the REVOLVER RANGE RODS BROWNELLS REVOLVER RANGE ROD HEAD FOR .44/40. Always prioritize safety and responsible handling of all firearms and related tools.
