

REVOLVER RANGE RODS - BROWNELLS REVOLVER RANGE ROD HEAD FOR .17 CAL.

[Gunsmith Tools](#) > [Handgun Tools](#) > [Alignment Tools](#) > [Range Rods](#)

Tells Instantly If Barrel & Cylinder Are In Perfect Alignment-Match & Service Grade Available

Lets you know instantly if a revolver barrel and cylinder are in perfect alignment and if cylinder crane or yoke has been sprung, thus throwing axis of each out of line with axis of barrel bore . . . for timing - "accuracy jobs" . . . locating cause of lead splatter . . . professional service inspections. An excellent tool to use when demonstrating to a customer "why"! The handle with knurled grip end is threaded to take any of the interchangeable heads, with sizes carefully selected to indicate very small misalignments. The .38 caliber heads are available in two diameters, one for Match guns that must be dead on for best performance and one for Service guns which aren't always thoroughly clean and don't have to meet quite as fine an accuracy standard. And, there's a special head for the S&W K-22 which has a slightly undersized bore.

REVOLVER RANGE RODS BROWNELLS REVOLVER RANGE ROD HEAD FOR .17 CAL. Safety Instructions

Introduction

Thank you for choosing the REVOLVER RANGE RODS BROWNELLS REVOLVER RANGE ROD HEAD for .17 Cal. This product is designed to help you ensure the proper alignment of revolver barrels and cylinders, enhancing the accuracy and safety of your firearms. Please read this safety instruction guide carefully to ensure safe and effective use.

General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure that the revolver is unloaded before using the range rod.
- Keep the range rod and its components out of reach of children and unauthorized users.
- Regularly inspect the range rod for any signs of damage or wear before each use.
- Do not use the range rod if any parts are missing or damaged.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- When using the range rod, maintain a clear workspace and avoid distractions.
- Always wear appropriate eye protection while working with firearms.
- Handle the revolver with care, ensuring that the muzzle is pointed in a safe direction at all times.
- Be aware of your surroundings and ensure that no one is in the line of fire.
- Follow all local laws and regulations regarding firearm maintenance and safety.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the revolver is completely unloaded.
- Gather the necessary components: the range rod handle and the appropriate head for your caliber.

2. Assembly:

- Attach the desired head to the handle by threading it onto the handle's knurled grip end.
- Ensure that the head is securely fastened before use.

3. Usage:

- Insert the range rod into the revolver's barrel and align it with the cylinder.
- Check for proper alignment; the rod will indicate any misalignment between the barrel and cylinder.
- If misalignment is detected, consult a qualified gunsmith for further inspection and adjustments.

4. PostUse:

- After using the range rod, carefully remove it from the revolver.
- Store the range rod and its components in a safe and dry place, away from children and unauthorized users.

Disposal Instructions

- Dispose of any damaged or worn components of the range rod in accordance with local regulations.
- Do not dispose of the product in regular household waste. Instead, contact local waste management services for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use of the REVOLVER RANGE RODS BROWNELLS REVOLVER RANGE ROD HEAD for .17 Cal., please refer to the manufacturer's website or contact their support team for assistance.

By following these safety instructions, you can ensure a safe and effective experience with your REVOLVER RANGE RODS BROWNELLS REVOLVER RANGE ROD HEAD for .17 Cal. Thank you for prioritizing safety in your firearm maintenance practices.
