

# REVOLVER RANGE RODS - BROWNELLS REVOLVER RANGE ROD HEAD FOR .32 S&W & H&R MAGNUM

[Gunsmith Tools](#) > [Handgun Tools](#) > [Alignment Tools](#) > [Range Rods](#)

## Tells Instantly If Barrel & Cylinder Are In Perfect Alignment-Match & Service Grade Available

Lets you know instantly if a revolver barrel and cylinder are in perfect alignment and if cylinder crane or yoke has been sprung, thus throwing axis of each out of line with axis of barrel bore . . . for timing - "accuracy jobs" . . . locating cause of lead splatter . . . professional service inspections. An excellent tool to use when demonstrating to a customer "why"! The handle with knurled grip end is threaded to take any of the interchangeable heads, with sizes carefully selected to indicate very small misalignments. The .38 caliber heads are available in two diameters, one for Match guns that must be dead on for best performance and one for Service guns which aren't always thoroughly clean and don't have to meet quite as fine an accuracy standard. And, there's a special head for the S&W K-22 which has a slightly undersized bore.

## Attributes

# Safety Instruction Guide for REVOLVER RANGE RODS

## Introduction

Thank you for choosing the REVOLVER RANGE RODS by Brownells. This guide provides essential safety instructions, usage guidelines, and disposal information to ensure a safe experience with your product. Please read this guide thoroughly before using the product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in the product description.
- Always inspect the range rod and heads for any signs of damage or wear before use.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Report any unsafe conditions or accidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always ensure that the revolver is unloaded before using the range rod.
- Use the appropriate head size for the caliber of the revolver to avoid misalignment.
- Do not force the range rod into the barrel or cylinder; this may cause damage.
- Use the handle with care, ensuring a firm grip to avoid slipping during use.
- Be aware of sharp edges on the heads; handle with caution to prevent cuts or injuries.
- If you notice any misalignment or issues during use, stop immediately and consult a professional.

## Instructions for Installation and Usage

### 1. Selecting the Head:

- Choose the correct head size for your revolver caliber.
- Ensure that the head is compatible with the handle.

### 2. Attaching the Head:

- Thread the selected head onto the handle until it is securely fastened.
- Check that the head is firmly attached before use.

### 3. Using the Range Rod:

- Insert the range rod into the revolver barrel.
- Ensure that the barrel and cylinder are in perfect alignment.
- Observe any misalignments indicated by the range rod.

### 4. PostUse Care:

- Remove the range rod and head from the revolver.
- Clean the range rod and heads to maintain their condition.
- Store the range rod in a safe, dry place away from children.

## Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.

- Do not throw the product in regular household waste.
- Check with local authorities for proper disposal methods for metal and plastic components.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and usage of the REVOLVER RANGE RODS, please refer to the manufacturer's contact information provided with your product.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective use of your REVOLVER RANGE RODS.
