

# REVOLVER RANGE RODS - BROWNELLS REVOLVER RANGE ROD HEAD FOR .38/357 SERVICE

[Gunsmith Tools](#) > [Handgun Tools](#) > [Alignment Tools](#) > [Range Rods](#)

## Tells Instantly If Barrel & Cylinder Are In Perfect Alignment-Match & Service Grade Available

Lets you know instantly if a revolver barrel and cylinder are in perfect alignment and if cylinder crane or yoke has been sprung, thus throwing axis of each out of line with axis of barrel bore . . . for timing - "accuracy jobs" . . . locating cause of lead splatter . . . professional service inspections. An excellent tool to use when demonstrating to a customer "why"! The handle with knurled grip end is threaded to take any of the interchangeable heads, with sizes carefully selected to indicate very small misalignments. The .38 caliber heads are available in two diameters, one for Match guns that must be dead on for best performance and one for Service guns which aren't always thoroughly clean and don't have to meet quite as fine an accuracy standard. And, there's a special head for the S&W K-22 which has a slightly undersized bore.

## Attributes

- Name: [BROWNELLS REVOLVER RANGE ROD HEAD FOR .38/357 SERVICE](#)
- Manufacturer: [BROWNELLS](#)

# Safety Instruction Guide for REVOLVER RANGE RODS

## Introduction

Thank you for choosing the REVOLVER RANGE RODS by BROWNELLS. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this document carefully before using the product.

## General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure that the revolver is unloaded before using the range rod.
- Keep the range rod and its components out of reach of children.
- Inspect the range rod and its heads for any signs of wear or damage before use.
- Do not use the range rod if any components are damaged or missing.
- Report any unsafe products or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Use the correct caliber head for your revolver to avoid misalignment and potential damage.
- Ensure the revolver barrel and cylinder are clean before use to achieve accurate results.
- Avoid using excessive force when inserting or removing the range rod heads.
- Do not use the range rod while the revolver is loaded or in a condition that could cause accidental discharge.
- Handle the range rod with care to prevent injury, especially when changing heads.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure the revolver is completely unloaded.
- Select the appropriate caliber head for your revolver (.38/357).

### 2. Attaching the Head

- Take the handle of the range rod and locate the threaded end.
- Align the selected head with the threads on the handle.
- Screw the head onto the handle until it is secure, but do not overtighten.

### 3. Using the Range Rod

- Insert the range rod into the revolver barrel.
- Ensure the rod reaches the cylinder and properly aligns with it.
- Check for alignment by observing the position of the cylinder and barrel.
- If misalignment is detected, do not attempt to use the revolver until the issue is resolved.

### 4. Removing the Head

- Unscrew the head from the handle by turning it counterclockwise.
- Store the head and handle separately to prevent damage.

### 5. Cleaning and Maintenance

- Clean the range rod and heads after each use with a soft cloth.
- Do not use harsh chemicals that may damage the material.

## **Disposal Instructions**

- Dispose of the range rod and its components in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- If the product is damaged beyond repair, consider recycling materials where possible.

## **Contact Information for Further Support**

For any inquiries or further assistance regarding the use of the REVOLVER RANGE RODS, please refer to the manufacturer's website or customer service resources.

By following these guidelines, you can ensure a safe and effective experience with your REVOLVER RANGE RODS. Thank you for your attention to safety and proper use.
