

REVOLVER RANGE RODS - BROWNELLS REVOLVER RANGE ROD HEAD FOR .41 MAGNUM

[Gunsmith Tools](#) > [Handgun Tools](#) > [Alignment Tools](#) > [Range Rods](#)

Tells Instantly If Barrel & Cylinder Are In Perfect Alignment-Match & Service Grade Available

Lets you know instantly if a revolver barrel and cylinder are in perfect alignment and if cylinder crane or yoke has been sprung, thus throwing axis of each out of line with axis of barrel bore . . . for timing - "accuracy jobs" . . . locating cause of lead splatter . . . professional service inspections. An excellent tool to use when demonstrating to a customer "why"! The handle with knurled grip end is threaded to take any of the interchangeable heads, with sizes carefully selected to indicate very small misalignments. The .38 caliber heads are available in two diameters, one for Match guns that must be dead on for best performance and one for Service guns which aren't always thoroughly clean and don't have to meet quite as fine an accuracy standard. And, there's a special head for the S&W K-22 which has a slightly undersized bore.

Safety Instruction Guide for REVOLVER RANGE RODS

Introduction

Thank you for choosing the REVOLVER RANGE RODS BROWNELLS REVOLVER RANGE ROD HEAD FOR .41 MAGNUM. This guide provides essential safety instructions to ensure the safe use of this product. Please read all instructions carefully before use to minimize risks and ensure optimal performance.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always follow local laws and regulations regarding the use of firearms and related accessories.
- Keep the product out of reach of children and unauthorized users.
- Inspect the product before each use for any signs of damage or wear.
- Do not attempt to modify or repair the product yourself.
- If you experience any issues, discontinue use immediately and seek professional assistance.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using the range rod.
- Ensure that the revolver is unloaded and pointed in a safe direction before using the range rod.
- Do not use the range rod if you are under the influence of drugs or alcohol.
- Avoid using the range rod in wet or damp conditions to prevent slipping and loss of control.
- Use caution when interchanging heads; ensure they are securely attached before use.

Instructions for Installation and Usage

1. Preparation:

- Ensure the revolver is unloaded.
- Inspect the range rod and heads for any damage.

2. Attaching the Head:

- Select the appropriate head for your firearm.
- Align the head with the handle and screw it on securely using the knurled grip end.

3. Using the Range Rod:

- Insert the range rod into the revolver barrel.
- Check for alignment by observing the cylinder and barrel. If misalignment is detected, further inspection may be necessary.

4. PostUse:

- Carefully remove the range rod from the revolver.
- Clean and store the range rod and heads in a safe, dry place.

Disposal Instructions

- Dispose of the product according to local regulations.
- Do not dispose of the product in general waste if it contains metal components.

- Consider recycling options for metal parts where applicable.

Contact Information for Further Support

For any safety inquiries or concerns regarding the REVOLVER RANGE RODS, please refer to the manufacturer's contact information provided on the product packaging or documentation.

Thank you for following these safety instructions. Your safety and satisfaction are our top priorities. Always prioritize safe practices when handling firearms and related accessories.
