

REVOLVER RANGE RODS - REVOLVER RANGE ROD HEAD FOR .45 AUTO/45 COLT

[Gunsmith Tools & Supplies](#) > [Handgun Tools](#) > [Alignment Tools](#) > [Range Rods](#)

Tells Instantly If Barrel & Cylinder Are In Perfect Alignment-Match & Service Grade Available

Lets you know instantly if a revolver barrel and cylinder are in perfect alignment and if cylinder crane or yoke has been sprung, thus throwing axis of each out of line with axis of barrel bore . . . for timing - "accuracy jobs" . . . locating cause of lead splatter . . . professional service inspections. An excellent tool to use when demonstrating to a customer "why"! The handle with knurled grip end is threaded to take any of the interchangeable heads, with sizes carefully selected to indicate very small misalignments. The .38 caliber heads are available in two diameters, one for Match guns that must be dead on for best performance and one for Service guns which aren't always thoroughly clean and don't have to meet quite as fine an accuracy standard. And, there's a special head for the S&W K-22 which has a slightly undersized bore.

Safety Instruction Guide for REVOLVER RANGE RODS

Introduction

Thank you for choosing the REVOLVER RANGE RODS, specifically designed for .45 Auto/.45 Colt. This product is engineered to assist in ensuring the perfect alignment of revolver barrels and cylinders, helping to identify potential misalignments and facilitating professional service inspections. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that all users are familiar with the proper handling of firearms and related tools.
- Always handle the REVOLVER RANGE RODS with care to avoid injury or damage.
- Use the product only for its intended purpose as specified in this guide.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage before use.
- If you notice any defects or malfunctions, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before using the REVOLVER RANGE RODS.
- Avoid using the product in wet or damp conditions to prevent rust or corrosion.
- Do not attempt to modify or alter the REVOLVER RANGE RODS in any way.
- When using the interchangeable heads, ensure they are securely attached to the handle before use.
- Use appropriate personal protective equipment (PPE) such as safety glasses when conducting inspections.
- Be aware of your surroundings and ensure that no one is in the line of fire during demonstrations or inspections.

Instructions for Installation and Usage

1. Preparing the Handle and Heads

- Select the appropriate head based on the caliber of the firearm being inspected.
- Ensure the handle is clean and free from debris.
- Thread the selected head onto the handle securely.

2. Using the REVOLVER RANGE RODS

- Insert the REVOLVER RANGE ROD into the revolver barrel.
- Gently push the rod until it reaches the cylinder.
- Observe the alignment and check for any misalignments or issues with the cylinder crane or yoke.
- For timing and accuracy jobs, make note of any discrepancies observed.
- Remove the REVOLVER RANGE ROD after inspection and store it properly.

3. Cleaning and Maintenance

- After each use, clean the handle and heads with a soft, dry cloth to remove any residue.
- Store the REVOLVER RANGE RODS in a dry place, preferably in the fitted storage box provided.

Disposal Instructions

- Dispose of the REVOLVER RANGE RODS responsibly and in accordance with local regulations.
- Do not dispose of the product in household waste.
- Consider recycling options where available to minimize environmental impact.

Contact Information for Further Support

For any inquiries regarding safety or product use, please reach out to the designated EU contact point for assistance. Regularly check for updates on product recalls or safety notices through the EU Safety Gate platform.

By following these guidelines, you can ensure safe and effective use of the REVOLVER RANGE RODS, enhancing your shooting experience while maintaining safety standards. Always prioritize safety and compliance with local regulations when using this product.
