

REVOLVER RANGE RODS - REVOLVER RANGE ROD HEAD FOR S&W K-22

[Gunsmith Tools & Supplies](#) > [Handgun Tools](#) > [Alignment Tools](#) > [Range Rods](#)

Tells Instantly If Barrel & Cylinder Are In Perfect Alignment-Match & Service Grade Available

Lets you know instantly if a revolver barrel and cylinder are in perfect alignment and if cylinder crane or yoke has been sprung, thus throwing axis of each out of line with axis of barrel bore . . . for timing - "accuracy jobs" . . . locating cause of lead splatter . . . professional service inspections. An excellent tool to use when demonstrating to a customer "why"! The handle with knurled grip end is threaded to take any of the interchangeable heads, with sizes carefully selected to indicate very small misalignments. The .38 caliber heads are available in two diameters, one for Match guns that must be dead on for best performance and one for Service guns which aren't always thoroughly clean and don't have to meet quite as fine an accuracy standard. And, there's a special head for the S&W K-22 which has a slightly undersized bore.

Safety Instruction Guide for REVOLVER RANGE RODS

Introduction

Thank you for choosing the REVOLVER RANGE RODS, specifically designed for the Smith & Wesson K22. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this manual thoroughly before using the product to understand its features and safety precautions.

General Safety Guidelines

- **Product Safety:** Always ensure the safe handling and use of this product. It is designed for nonfood use and should only be used as intended.
- **Enhanced Recalls:** In the event of a product recall, follow the standardized recall notices provided by the manufacturer. Always seek free remedies for any dangerous products.
- **Online Shopping:** If purchased online, ensure that the retailer complies with safety requirements equivalent to those of physical stores.
- **Special Consumer Focus:** Extra care should be taken when the product is used around vulnerable groups, such as children. Keep the product out of reach of children.
- **EU Contact Point:** For any safety inquiries, consult the manufacturer or retailer for an EU-based contact point.
- **Rapid Alerts:** Stay updated on product safety by checking the EU's Safety Gate platform for any alerts regarding unsafe products.

Specific Safety Precautions for Use

- **Proper Use:** Use the REVOLVER RANGE RODS only for its intended purpose of checking the alignment of revolver barrels and cylinders.
- **Inspect Before Use:** Always inspect the product for any signs of damage or wear before use. Do not use if damaged.
- **Avoid Misuse:** Do not use the product for any purpose other than its intended use as outlined in this manual.
- **Handle with Care:** The steel heads are hardened and can cause injury if mishandled. Always use caution when attaching or detaching heads.
- **Store Safely:** Always store the product in a safe place, preferably in the fitted storage box provided, to prevent accidents and damage.
- **Age Restrictions:** This product is not intended for use by individuals under the age of 18. Ensure that only qualified adults handle the product.

Instructions for Installation and Usage

1. Choosing the Right Head:

- Select the appropriate head for the caliber you are working with. The heads are available in various sizes, including .17 Cal., .22LR, K22, .22 Magnum, and others.
- Ensure that the head fits securely onto the handle.

2. Attaching the Head:

- Align the threaded end of the head with the handle.
- Carefully screw the head onto the handle until it is securely fastened. Do not overtighten.

3. Using the Range Rod:

- Insert the range rod into the revolver barrel.
- Check the alignment of the barrel and cylinder visually. If the alignment appears off, further inspection may be necessary.
- Use the tool to identify any misalignments that could affect performance.

4. **PostUse Care:**

- After use, carefully detach the head from the handle.
- Clean the heads and handle as necessary to maintain their condition.
- Store the range rod in the fitted storage box to protect it from damage.

Disposal Instructions

- **Disposal of the Product:** When the product reaches the end of its life, dispose of it in accordance with local regulations regarding metal products.
- **Environmental Considerations:** Do not dispose of the product in regular household waste. Check for recycling options in your area.

Contact Information for Further Support

For any questions or concerns regarding the REVOLVER RANGE RODS, please consult the retailer or manufacturer for assistance. They can provide you with the necessary information and support regarding product safety and usage.

By following these safety instructions, you can ensure a safe and effective experience with the REVOLVER RANGE RODS. Thank you for your attention to safety!
