

45° BRASS MUZZLE LAP - 45°BRASS LAP

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Muzzle Lapping Tools](#)

Polish Chamfers; Lap Sharp Edges; Improve Accuracy

Use to polish after using 45° Chamfer Cutters; or for lapping out dings, sharp edges, etc., by itself. Improves accuracy. Use with abrasive paste - like our Silicon Carbide grits - mounted in variable speed electric drill. Made of half-hard brass to hold polishing grit well without excessive tool wear.

Safety Instruction Guide for 45° Brass Muzzle Lap

Introduction

Thank you for choosing the 45° Brass Muzzle Lap. This product is designed for polishing and lapping applications, enhancing accuracy in your work. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Always follow the manufacturer's instructions for use.
- Ensure that the work area is clean and welllit.
- Use personal protective equipment (PPE), including safety goggles and gloves.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Hazard Identification:**

- Risk of injury from rotating parts.
- Potential inhalation of abrasive dust.
- Risk of skin irritation from abrasive materials.

- **Avoiding Hazards:**

- Always secure the workpiece before starting.
- Use the product only with compatible abrasive pastes.
- Do not exceed the recommended speed settings on your electric drill.
- Ensure that the shank is properly inserted into the drill chuck before use.
- Avoid direct contact with the polishing grit during operation.

- **AgeSpecific Warnings:**

- This product is not intended for use by children. Keep it stored safely away from their access.

Instructions for Installation and Usage

1. Installation:

- Ensure that your electric drill is unplugged before installation.
- Insert the ¼" (6.3mm) diameter shank of the brass lap into the drill chuck.
- Tighten the chuck securely to hold the shank in place.

2. Usage:

- Apply a small amount of abrasive paste to the brass lap.
- Plug in the electric drill and set it to a low speed.
- Gently touch the brass lap to the workpiece, allowing the abrasive paste to polish the surface.
- Gradually increase the speed as needed, ensuring control throughout the process.
- After use, turn off the drill and remove the brass lap carefully.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of in household waste.
- Consider recycling options for metal components where available.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please contact the manufacturer's customer support. Ensure that you have the product details ready for a more efficient response.

Thank you for prioritizing safety while using the 45° Brass Muzzle Lap. Your adherence to these guidelines will help ensure a safe and effective experience.
