GUNSMITH STEEL BENCH BLOCK SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the Brownells Gunsmith's Steel Bench Block. This heavyduty, precisionmachined steel bench block is designed for driving out pins and performing various tasks in gunsmithing. To ensure safe and effective use of this product, please read and follow the safety instructions and guidelines outlined in this document.

General Safety Guidelines

- Always inspect the bench block for any signs of damage or wear before use. Do not use if damaged.
- Keep the bench block out of reach of children and vulnerable individuals.
- Ensure that the working area is clean and free of hazards.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, while working.
- Be aware of your surroundings and ensure that no one is in close proximity when using tools with the bench block.
- Follow all local regulations and guidelines related to gunsmithing and tool use.

Specific Safety Precautions for Use

- Use the bench block only for its intended purpose. Do not use it for any other applications.
- When driving out pins, ensure that the workpiece is securely held to prevent movement.
- Avoid excessive force that may cause the bench block to slip or tip over.
- Always use the correct size hole for the pins you are working with to prevent damage to the pins or the bench block.
- If using the Vshaped center for holding round or oddshaped stock, ensure that the stock is stable and secure.
- Do not place your hands or fingers in the path of tools or pins being driven out.

Instructions for Installation and Usage

1. Preparation:

- Select a clean, stable work surface for the bench block.
- Ensure that all tools and materials needed for your task are within reach.

2. Using the Bench Block:

- Position the bench block on the work surface with the surfaceground top facing up.
- Identify the appropriate hole size for the pin you wish to remove.
- Securely place the workpiece on the bench block, aligning the pin with the selected hole.
- Using a suitable driving tool (e.g., hammer or punch), carefully drive the pin out of the workpiece.
- If using the Vshaped center, place the oddshaped stock securely in the V before proceeding.

3. PostUse Care:

- After completing your work, clean the bench block to remove any debris or residue.
- Store the bench block in a dry place, away from moisture and extreme temperatures.

Disposal Instructions

- When the bench block is no longer usable, dispose of it in accordance with local regulations for metal products.
- Recycle whenever possible, ensuring that it does not pose a risk to the environment.

Contact Information for Further Support

For any questions or concerns regarding the use of the Brownells Gunsmith's Steel Bench Block, please refer to the product packaging or visit the official website for more information and support.

By following these safety instructions, you can ensure a safe and effective experience while using the Brownells Gunsmith's Steel Bench Block. Thank you for prioritizing safety in your gunsmithing activities.
