

# BOLT HEAT SINKS for BOLT WELDING & FORGING - BOLT HEAT SINK #3

[Gunsmith Tools & Supplies](#) > [Rifle Tools](#) > [Bolt Tools](#) > [Bolt Welding & Forging Tools](#)

## Protects Critical Locking Lugs When Welding Or Forging Bolt Handles

Provides protection to locking lugs when welding or forging bolt handles by pulling heat away from these critical areas and dissipating it. Especially effective when used with Heat Control Paste. Threaded to fit securely into rear of bolt body, giving additional protection to interior threads by preventing scale formation. Flats milled on end allow use of wrench. Available separately or as a Set of five.

## Attributes

- Name: [BOLT HEAT SINK #3](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 080638003
- Mfr. No.:
- Make: Mauser
- Model: 98
- Delivery weight: 0.181kg
- Shipping height: 10mm
- Shipping width: 78mm
- Shipping length: 180mm

# Safety Instructions for BOLT HEAT SINKS

## Introduction

Thank you for choosing BOLT HEAT SINKS for your welding and forging needs. This product is designed to protect locking lugs during the welding or forging of bolt handles. This guide provides important safety instructions and guidelines to ensure safe and effective use of the BOLT HEAT SINKS.

## General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the BOLT HEAT SINKS are used only for their intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Always wear appropriate personal protective equipment (PPE) when using welding or forging tools, including gloves, goggles, and protective clothing.
- Inspect the BOLT HEAT SINKS before each use for any signs of damage or wear.
- If you notice any defects or issues, do not use the product and contact your supplier for guidance.

## Specific Safety Precautions for Use

- Use the BOLT HEAT SINKS in a wellventilated area to avoid inhaling fumes generated during welding or forging.
- Ensure that the heat control paste is applied correctly and does not come into contact with skin or eyes.
- Do not exceed the recommended temperature limits for the BOLT HEAT SINKS, as excessive heat may compromise their effectiveness.
- When using a wrench on the flats milled on the end, ensure that it fits securely to prevent slipping and potential injury.
- Avoid direct contact with the heated areas during and immediately after use to prevent burns.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the work area is clean and free from flammable materials.
- Gather all necessary tools and safety equipment before starting.

### 2. Installation:

- Thread the BOLT HEAT SINK securely into the rear of the bolt body.
- Ensure that it fits snugly to prevent any movement during use.

### 3. Using the Product:

- Apply heat control paste generously to the locking lugs and surrounding areas before welding or forging.
- Proceed with the welding or forging process as per standard practices.
- Monitor the temperature of the bolt and surrounding areas to ensure safety.

### 4. PostUse Care:

- After use, allow the BOLT HEAT SINKS to cool before handling.
- Inspect the product for any signs of damage or wear after each use.

## **Disposal Instructions**

- Dispose of the BOLT HEAT SINKS in accordance with local regulations for metal products.
- Do not dispose of in regular household waste.
- If the product is damaged or no longer usable, consult your local waste management authority for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and use of BOLT HEAT SINKS, please refer to the contact information provided by your supplier. They will be able to assist you with any safety inquiries or product issues.

## **Conclusion**

By following these safety instructions, you can ensure the safe and effective use of BOLT HEAT SINKS in your welding and forging projects. Remember to always prioritize safety and consult professionals if you are unsure about any procedures. Thank you for your attention to these important safety guidelines.
