## Safety Instruction Guide

### Introduction

Thank you for choosing the SWJ200 PROSPRING KIT for your S&W JFrame Revolver. This guide provides essential safety instructions to ensure the safe use and handling of your product. Please read this manual carefully before installation and usage.

### General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Store the kit in a cool, dry place away from children and pets.
- Regularly inspect the springs and components for wear or damage.
- Do not attempt to modify the springs or any components.
- Follow all local laws and regulations regarding firearm modifications.
- If you are unsure about any aspect of the installation or usage, seek professional assistance.

### Specific Safety Precautions for Use

- Always ensure the firearm is unloaded before beginning installation.
- Wear safety glasses during installation to protect your eyes from potential spring release.
- Keep hands clear of the spring's path when installing or removing springs.
- Use proper tools when handling components to avoid injury.
- Be aware of your surroundings and ensure you are in a safe environment while working on your firearm.

### Instructions for Installation and Usage

#### 1. Preparation

- Ensure your firearm is completely unloaded.
- Gather all necessary tools, including appropriate screwdrivers and safety glasses.

#### 2. Installation of Rebound Springs

- Remove the side plate of the revolver according to the manufacturer's instructions.
- Identify the existing rebound spring and remove it carefully.
- Select one of the provided rebound springs (13, 14, or 15 lb.) based on your preference.
- Install the new rebound spring by aligning it properly and securing it in place.

#### 3. Installation of Hammer Spring

- Locate the hammer spring in your revolver.
- Carefully remove the existing hammer spring.
- Install the reduced power hammer spring included in the kit, ensuring it is seated correctly.

#### 4. Reassembly

- Reattach the side plate of the revolver, ensuring all screws are tightened securely.
- Perform a function check to ensure the revolver operates correctly.
- Store any unused springs in a safe place.

#### 5. Usage

- After installation, test the firearm in a controlled environment to ensure proper function.
- Regularly check the springs for performance and wear, replacing them as necessary.

## **Disposal Instructions**

- Dispose of any old springs and components in accordance with local regulations.
- Do not dispose of springs in regular household waste.
- Consider recycling options for metal components where available.

## **Contact Information for Further Support**

For any inquiries regarding the SWJ200 PROSPRING KIT, please refer to the manufacturer's website or contact their support team for assistance.

## **Conclusion**

By following these safety instructions, you can ensure the safe and effective use of the SWJ200 PROSPRING KIT for your S&W JFrame Revolver. Always prioritize safety and compliance with local laws when handling firearms and their components. Thank you for your attention to safety.
