# SWODA205 PROSPRING KIT FOR S&W 39,736,539,639,59,459,559 Safety Instruction Guide

## Introduction

Thank you for choosing the SWODA205 ProSpring Kit for S&W models 39, 736, 539, 639, 59, 459, 559. This guide provides essential safety instructions and information to ensure the safe and effective use of your product. Please read this guide carefully before installation and use.

## General Safety Guidelines

- **Product Safety:** This product is designed for safe use in accordance with EU safety regulations. Ensure that you understand all safety instructions before use.
- **Enhanced Recalls:** In the unlikely event of a safety recall, updates will be provided through official channels. Familiarize yourself with recall procedures.
- **Online Shopping:** If purchased online, ensure that the seller adheres to safety requirements equivalent to those of physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors to prevent accidents.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point provided by the manufacturer.
- **Rapid Alerts:** Stay informed about product safety by checking the EU Safety Gate platform for updates on unsafe products.

## Specific Safety Precautions for Use

- **Read Instructions:** Always read and understand all provided instructions before using the spring kit.
- **Inspect Before Use:** Check all components for damage or wear before installation. Do not use damaged components.
- **Use Proper Tools:** Ensure you have the correct tools for installation to avoid injury or damage to the product.
- **Avoid Modifications:** Do not modify any components of the spring kit as this may compromise safety and performance.
- **Wear Protective Gear:** Use appropriate safety gear, including eye protection, when handling or installing the spring kit.
- **Follow Firearm Safety Rules:** Always adhere to standard firearm safety practices when using this product with firearms.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and in a safe condition before beginning installation.
- Gather all necessary tools and components from the spring kit.

### 2. Installation Steps:

- **Recoil Spring:**
  - Remove the existing recoil spring from the firearm.
  - Replace it with the provided 14 lb. FSW recoil spring, ensuring it is seated properly.
- **Hammer Spring:**

- Remove the current hammer spring.
- Install the 20 lb. hammer spring, ensuring it is correctly positioned.
- **RP Hammer Spring:**
  - If desired, you can replace the hammer spring with the 18 lb. RP hammer spring for reduced power.
- **XP Firing Pin Spring:**
  - Replace the existing firing pin spring with the XP firing pin spring for enhanced performance.

### 3. Final Checks:

- After installation, doublecheck all components to ensure they are securely installed.
- Test the firearm in a safe environment to ensure proper function before regular use.

## Disposal Instructions

- **Dispose of Old Springs:** Dispose of any removed springs and components in accordance with local waste disposal regulations. Do not dispose of them in regular trash.
- **Recycling:** If possible, recycle old metal components to minimize environmental impact.

## Contact Information for Further Support

For any questions or concerns regarding the SWODA205 ProSpring Kit, please refer to the manufacturer's contact information provided on the packaging or their official website.

By following these safety instructions, you can ensure a safe and effective experience with your SWODA205 ProSpring Kit. Thank you for your attention to safety!
