

GM-453 PRO-SPRINGS™ FOR ACTION TUNING - GM-453 18.5LB PRO-SPRING KIT FOR 1911 ACTION TUNING

[Handgun Parts](#) > [Action Parts](#) > [Spring Kits](#)

Replaces All The Springs For Precise Tuning Of The Government Model & Its Variations; "Guaranteed Superior"

Specially selected replacement springs to greatly improve functioning AND reduce trigger pull form the basis of a top-quality 1911 tuning job. 5 Wolff coil springs plus a factory-style, 3-leaf sear spring. Includes: Variable Power Recoil Spring which functions with a wider range of ammo than single power springs; Hammer Spring which lightens trigger pull; Extra Power Firing Pin Spring; New Magazine Catch; Series 80 Firing Pin Safety Block Spring; Plunger Tube Springs, plus the Sear Spring. Three kits - each with a different strength recoil spring. GM-453 - 18½ lb. Recoil Spring for maximum power loads.

GM453 PROSPRINGS™ Safety Instruction Guide

Introduction

Thank you for choosing the GM453 PROSPRINGS™ for your 1911 action tuning needs. This guide provides essential safety instructions to ensure the safe usage and installation of the spring kit. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the springs for wear and damage. Do not use if any parts are damaged.
- Store the product in a cool, dry place to prevent corrosion and degradation.
- Report any unsafe conditions or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Always wear safety glasses when handling or working with firearms.
- Ensure that the firearm is unloaded before beginning installation or maintenance.
- Use appropriate tools to avoid injury or damage to the springs and firearm.
- Follow the manufacturer's instructions for installation to prevent improper use.
- Avoid using excessive force when installing or adjusting the springs.

Instructions for Installation and Usage

1. Preparation

- Ensure your workspace is clean and free of distractions.
- Gather necessary tools: screwdriver, pliers, and any other tools specified in the firearm's manual.

2. Disassembly of Firearm

- Ensure the firearm is completely unloaded.
- Follow the manufacturer's instructions for disassembling the firearm.

3. Installation of Springs

- Remove the old springs carefully, noting their positions for reference.
- Install the new springs one at a time, ensuring they are properly seated.
- Pay special attention to the Variable Power Recoil Spring, Hammer Spring, and Sear Spring, ensuring they are installed according to the provided instructions.

4. Reassembly of Firearm

- Once all new springs are installed, reassemble the firearm according to the manufacturer's specifications.
- Doublecheck that all components are securely in place.

5. Testing

- Perform a function check of the firearm in a safe environment.
- Ensure that the trigger pull and other functions operate smoothly.

Disposal Instructions

- Dispose of old springs and packaging materials in accordance with local regulations.
- Do not dispose of springs in regular household waste. Check for recycling options in your area.

Contact Information for Further Support

For any questions or concerns regarding the GM453 PROSPRINGS™, please reach out to the designated EU contact point for safety inquiries.

Conclusion

By following these safety instructions, you will ensure the safe and effective use of the GM453 PROSPRINGS™. Always prioritize safety and seek assistance if you are uncertain about any procedures. Thank you for your attention to these important guidelines.
