CC454 FOR COLT COMBAT COMMANDER PROSPRINGS™ Safety Instruction Guide

Introduction

Thank you for choosing the CC454 FOR COLT COMBAT COMMANDER PROSPRINGS™. This product is designed to enhance the performance of your Colt Combat Commander by providing specially selected replacement springs. This guide will help you understand the safety precautions and installation instructions to ensure safe and effective use of this product.

General Safety Guidelines

- Ensure safe use of all nonfood products, including this spring kit.
- Be aware of potential risks associated with the use of replacement springs.
- Follow all instructions carefully to prevent accidents or injuries.
- Always store this product out of reach of children to prevent misuse.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Read all instructions thoroughly before use.
- Do not attempt to modify or alter the springs in any way.
- Ensure that the firearm is unloaded and cleared of all ammunition before installation.
- Wear appropriate safety gear, such as eye protection, when handling springs.
- Be cautious of the tension in the springs, as they can cause injury if released suddenly.
- Keep fingers and hands clear when installing or removing springs to avoid pinching or injury.
- Use only the correct tools as specified in the installation instructions.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and the magazine is removed.
- Gather all necessary tools, including a punch tool, hammer, and any specific tools recommended by the firearm manufacturer.

2. Removing the Old Springs:

- Carefully disassemble the firearm according to the manufacturer's instructions.
- Remove the old recoil spring, hammer spring, and any other springs being replaced.
- Dispose of old springs properly.

3. Installing the New Springs:

- **Recoil Spring:**
 - Select the appropriate recoil spring based on your desired strength (standard weight, 18 lb., or variable power).
 - Insert the new recoil spring into the recoil spring guide.
- **Hammer Spring:**
 - Choose the correct hammer spring (23 lb. or others as applicable).
 - Install the hammer spring according to the manufacturer's instructions.
- **Extra Springs:**

- Install the extra power firing pin spring, magazine catch, Series 80 firing pin safety block spring, plunger tube springs, and sear spring as per the assembly instructions.

4. Reassembly:

- Reassemble the firearm carefully, ensuring all components are properly aligned.
- Doublecheck that all springs are securely in place.

5. Final Checks:

- Conduct a function check of the firearm to ensure proper operation of the new springs.
- Always handle the firearm safely and according to standard safety practices.

Disposal Instructions

- Dispose of old springs and packaging materials in accordance with local regulations.
- Do not dispose of springs in a manner that could pose a risk to the environment or public safety.
- Consider recycling options where applicable.

Contact Information for Further Support

For questions or concerns regarding the CC454 FOR COLT COMBAT COMMANDER PROSPRINGS™, please refer to the manufacturer's website or contact their customer support. Always ensure that you have the latest information and resources available for your safety and product support.

Thank you for your attention to these safety instructions. Your safety and the safe operation of your firearm are of utmost importance.
