# M14/M1A Spring Kit Safety Instructions

## Introduction

Thank you for choosing the M14/M1A Spring Kit by Brownells. This kit is designed to enhance the performance of your Springfield M14 and M1A rifles. While using this product, it is important to follow safety guidelines to ensure safe operation and to minimize risks. This guide provides essential safety instructions, installation guidelines, and disposal information.

## General Safety Guidelines

- Always handle firearms with care and treat every firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Store the firearm securely when not in use, and ensure it is unloaded.
- Ensure that the spring kit is compatible with your specific model of M14 or M1A before installation.
- Inspect all components of the spring kit for any signs of damage or wear before use.
- Do not modify or alter any parts of the firearm or spring kit.
- Always wear appropriate safety gear, including eye protection, when handling firearms.
- Keep this product out of reach of children and unauthorized users.
- Report any unsafe products or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure the firearm is completely unloaded before installing the spring kit.
- Follow the manufacturer's instructions carefully during installation.
- Use only the components provided in the spring kit; do not mix with other brands or types.
- Be cautious of potential pinch points when installing or adjusting springs.
- If you experience any unusual behavior from the firearm after installation, discontinue use and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and ensure a clean working environment.
- Ensure the firearm is unloaded and pointed in a safe direction.

### 2. Installation Steps:

- Remove the existing recoil spring, hammer spring, ejector spring, and extractor spring from the firearm.
- Install the extrapower recoil spring by following the reverse order of removal.
- Replace the hammer spring, ensuring it is seated correctly.
- Install the ejector spring and extractor spring in their respective locations.
- Doublecheck that all components are securely installed and functioning properly.

### 3. PostInstallation:

- Conduct a function check of the firearm to ensure all parts are operating correctly.
- If any issues arise, consult a qualified gunsmith for assistance.

## **Disposal Instructions**

- Dispose of any old springs and components in accordance with local regulations.
- Do not dispose of springs in a manner that could pose a risk to the environment or public safety.
- If you are unsure about disposal methods, contact your local waste management authority for guidance.

## **Contact Information for Further Support**

For safety inquiries or further assistance, please refer to the product packaging for contact details. Always ensure that you have access to a qualified professional for any technical questions or concerns regarding the installation and use of the M14/M1A Spring Kit.

By following these safety instructions, you can ensure a safer experience while using your M14/M1A Spring Kit. Thank you for prioritizing safety and responsible firearm handling.
