

# E-CLIP KIT - BROWNELLS E-CLIP KIT

[Gunsmith Tools](#) > [Small Hardware](#) > [E-Clips](#)

## 8 Sizes Cover Most Gun Needs

So important to have on hand, E-Clips are used to hold pins and parts in place in many modern long guns and some handguns, too. With this E-Clip Kit on hand you can return a gun to service quickly; not waiting for a factory order, and not paying high factory prices - as much as \$1 each! All the sizes needed to service popular Remingtons, Marlin's, Mossbergs, Savages and Winchesters (plus many more). Vital in your shop as these little buggers get lost as easily as springs and detent balls. Detailed gun parts list cross-reference chart too, worked out by our tech staff with assistance and suggestions from Gary Thiry, Sacramento, California. The E-Clip Kit has 20 each of 8 different sizes, each size in its own snap-top box inside the Kit box. Refill Paks are also available. With a retail value in the \$56 to \$120 range, (35 cents to 75 cents each) this Kit cannot only be a lifesaver and loyalty builder, but a real moneymaker, too.

## Attributes

- Name: [BROWNELLS E-CLIP KIT](#)

# EClip Kit Safety Instruction Guide

## Introduction

Thank you for choosing the EClip Kit from Brownells. This guide provides essential safety instructions to ensure the safe use of the EClips included in this kit. Please read this document carefully before using the product.

## General Safety Guidelines

- Ensure that the EClip Kit is stored in a cool, dry place away from direct sunlight and moisture.
- Keep the kit out of reach of children and pets to prevent accidental ingestion or injury.
- Always inspect the EClips for any signs of damage or wear before use. Do not use damaged clips.
- Familiarize yourself with the specific sizes and uses of each EClip in the kit to ensure proper application.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- When handling EClips, use appropriate tools to avoid injury from sharp edges.
- Avoid using excessive force when inserting or removing EClips to prevent damage to the firearm or injury to yourself.
- Ensure that the firearm is unloaded and safe before attempting to service or replace EClips.
- Always follow the manufacturer's guidelines for the specific firearm you are working on to ensure compatibility and safety.
- If you are unsure about the installation or usage of EClips, consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is completely unloaded.
- Gather necessary tools, including pliers and a clean workspace.

### 2. Selecting the Right Size:

- Identify the size of the EClip required for your specific application using the detailed gun parts list crossreference chart provided in the kit.

### 3. Installation:

- Using pliers, carefully position the EClip over the pin or part it is intended to secure.
- Gently press the EClip into place, ensuring it fits snugly without excessive force.
- Doublecheck that the EClip is seated correctly and securely.

### 4. Removal:

- To remove an EClip, use pliers to gently pry it off the pin or part.
- Avoid using sharp tools that may damage the firearm.

### 5. PostInstallation Checks:

- After installation, check the functionality of the firearm to ensure that all parts are secure and operating correctly.

## **Disposal Instructions**

- Dispose of any damaged or unused EClips responsibly.
- Follow local regulations for the disposal of small metal parts.
- Do not dispose of EClips in a manner that may pose a risk to the environment or public safety.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the EClip Kit, please refer to the contact information provided on the product packaging or visit the manufacturer's website for further assistance.

Thank you for your attention to these safety instructions. Your safety and the proper functioning of your equipment are our top priorities. Enjoy using your EClip Kit responsibly!
