

# **E-CLIP KIT - BROWNELL'S E-CLIP .312"(7.9MM)OD .125"(3.2MM)ID .127"(3.2MM) SD 20PK**

[Gunsmith Tools](#) > [Small Hardware](#) > [E-Clips](#)

## **8 Sizes Cover Most Gun Needs**

So important to have on hand, E-Clips are used to hold pins and parts in place in many modern long guns and some handguns, too. With this E-Clip Kit on hand you can return a gun to service quickly; not waiting for a factory order, and not paying high factory prices - as much as \$1 each! All the sizes needed to service popular Remingtons, Marlins, Mossbergs, Savages and Winchesters (plus many more). Vital in your shop as these little buggers get lost as easily as springs and detent balls. Detailed gun parts list cross-reference chart too, worked out by our tech staff with assistance and suggestions from Gary Thiry, Sacramento, California. The E-Clip Kit has 20 each of 8 different sizes, each size in its own snap-top box inside the Kit box. Refill Paks are also available. With a retail value in the \$56 to \$120 range, (35 cents to 75 cents each) this Kit cannot only be a lifesaver and loyalty builder, but a real moneymaker, too.

## **Attributes**

# ECLIP KIT BROWNELLS ECLIP Safety Instruction Guide

## Introduction

Thank you for choosing the EClip Kit by Brownells. This guide provides essential safety instructions to ensure the safe use and handling of the EClips included in this kit. It is important to follow these guidelines to prevent accidents and ensure optimal performance.

## General Safety Guidelines

- Ensure that the EClips are used only for their intended purpose, which is to hold pins and parts in place in firearms.
- Keep the EClip Kit out of reach of children and vulnerable individuals to prevent accidental ingestion or misuse.
- Regularly inspect the EClips for any signs of wear or damage before use.
- Store the EClip Kit in a cool, dry place to prevent deterioration of the materials.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, such as safety glasses, when working with firearms and small parts.
- Avoid using excessive force when installing or removing EClips to prevent injury.
- Ensure that the firearm is unloaded and safe before attempting to install or remove any parts using EClips.
- Be cautious of sharp edges on the EClips during handling.
- Do not use EClips that are bent, broken, or otherwise damaged.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your workspace is clean and welllit.
- Gather all necessary tools.

### 2. Installation of EClips:

- Identify the pin or part that requires securing with an EClip.
- Select the appropriate size EClip from the kit.
- Align the EClip with the groove on the pin or part.
- Press the EClip into place using a suitable tool if necessary. Avoid using excessive force.

### 3. Removal of EClips:

- Use a small flat tool or EClip removal tool to gently pry the EClip from its groove.
- Be cautious not to damage the pin or part during removal.

### 4. PostInstallation Check:

- Verify that the EClip is securely in place and that the pin or part is functioning as intended.

## **Disposal Instructions**

- Dispose of any damaged or unusable EClips in accordance with local waste disposal regulations.
- Do not dispose of EClips in regular household waste if they are made from materials that require special handling.

## **Contact Information for Further Support**

For safety inquiries or further assistance regarding the EClip Kit, please refer to the contact information provided by the retailer or manufacturer. Always ensure that you have the most current information for any safety concerns.

By following these safety instructions, you can ensure the safe and effective use of the EClip Kit. Thank you for your attention to these important guidelines.
