Safety Instruction Guide for STEEL PILOTS

BROWNELLS STEEL PILOT FOR .3220 MUZZLE

Introduction

Thank you for choosing the STEEL PILOTS BROWNELLS STEEL PILOT FOR .3220 MUZZLE. This guide provides essential safety instructions and information to ensure the safe use of this product. Please read and follow these guidelines carefully to avoid potential hazards and ensure a safe experience.

General Safety Guidelines

- Always use the product in accordance with the intended purpose as described in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before each use.
- If the product shows any signs of damage, do not use it and contact customer support for guidance.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the pilot is securely attached to the drill before use.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves.
- Do not exceed the recommended speed settings for the drill when using the pilot.
- Avoid using the pilot in wet or damp conditions to prevent electrical hazards.
- Use caution when handling the pilot, as it may have sharp edges.
- Do not force the pilot into the bore; use gentle pressure to avoid damaging the tool or the workpiece.

Instructions for Installation and Usage

1. Installation

- Ensure that the drill is unplugged or turned off before installation.
- Select the appropriate pilot for your caliber. The .3220 pilot is designed for .32 caliber (.312.313) applications.
- Insert the pilot into the drill chuck and tighten securely.
- Check that the pilot is properly aligned and centered.

2. Usage

- Before starting, ensure that the workpiece is securely clamped or held in place.
- Power on the drill and set it to the recommended speed.
- Slowly guide the pilot into the bore, applying gentle pressure.
- Maintain a steady hand to ensure even cutting and chamfering.
- Once the operation is complete, power off the drill and carefully remove the pilot.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding metal waste.
- Do not dispose of the product in household waste.
- Consider recycling the product if applicable.

Contact Information for Further Support

For any inquiries or support related to the STEEL PILOTS BROWNELLS STEEL PILOT FOR .3220 MUZZLE, please refer to the contact information provided with your purchase. Ensure you have the product details ready for efficient assistance.

By following these guidelines, you can ensure a safe and effective experience with your STEEL PILOTS BROWNELLS STEEL PILOT FOR .3220 MUZZLE. Thank you for your attention to safety!
