Safety Instruction Guide for STEEL PILOTS STEEL PILOT FOR .45 ACP1 CYLINDER

Introduction

Thank you for choosing the STEEL PILOTS STEEL PILOT FOR .45 ACP1 CYLINDER. This guide provides essential safety instructions to ensure the proper and safe use of this product. Please read through this manual carefully before using the product to avoid any hazards and to ensure optimal performance.

General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage before use. Do not use if damaged.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves.
- Report any unsafe conditions or accidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the pilot is compatible with your firearm model before use.
- Do not exceed the recommended caliber specifications.
- Avoid using the pilot under wet or humid conditions to prevent rust and corrosion.
- Maintain a clean working environment to reduce the risk of accidents.
- Always secure the workpiece properly before using the chamfering tool.
- Avoid wearing loose clothing or jewelry that could become entangled in the tool.

Instructions for Installation and Usage

Installation

1. Ensure that the firearm is unloaded and clear of any ammunition.
2. Select the appropriate STEEL PILOT for your firearm model:
 - .45 ACP1 fits S&W model 25 & 625.
 - .45 ACP2 fits Colt 1917.
3. Insert the pilot into the designated area of the chamfering tool, ensuring it is properly seated.
4. Tighten any securing mechanisms as per the tool's instructions.

Usage

1. Verify that the work area is clean and free from obstructions.
2. Position the workpiece securely on a stable surface.
3. Align the pilot with the bore of the workpiece.
4. Apply steady pressure while operating the chamfering tool, ensuring the pilot remains centered.
5. After use, clean the pilot and tool to remove any debris or residue.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding metal waste.
- Do not dispose of the product in regular household waste.
- Consider recycling options where available to minimize environmental impact.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the manufacturer's contact point within the EU.
