

# PREMIUM GRINDING POINT KIT

[Gunsmith Tools & Supplies](#) > [Power Tools & Accessories](#) > [Grinding Bits](#)

## The Most Popular/Useful Shapes & Sizes

Brownells "Premium Plus" stones are the very finest we can offer. Industrial grade cobalt is added to uniformly sized aluminum oxide crystals and bonded with special, cool-running adhesives to form the hardest, longest-wearing, fastest-cutting, grinding points available to the trade. Gives a smooth, ready-to-finish surface on all types of ferrous and non-ferrous metals. Stones resist filling and gouging; can be re-ground or re-shaped, lasting much longer than "hobby" grade points. Hardened steel shafts are nickel plated for long life and stay concentric even with repeated use. We picked our 10 most popular grinding points and put 3 of each into a convenient, easy-to-store Kit and included a very special price for buying all 30 points at one time. Plus, the economical Refill 6-Paks make it easy to keep your Kit well stocked.

# Safety Instruction Guide for PREMIUM GRINDING POINT KIT

## Introduction

Thank you for choosing the PREMIUM GRINDING POINT KIT from Brownells. This kit is designed to provide you with highquality grinding points for various applications. To ensure your safety and the effective use of this product, please read and follow the safety guidelines and instructions outlined in this document.

## General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always wear appropriate personal protective equipment (PPE), such as safety goggles, gloves, and a dust mask, when using grinding points.
- Keep the work area clean and welllit to prevent accidents.
- Do not use the grinding points for purposes other than those specified by the manufacturer.
- Store the grinding points in a dry, secure location out of reach of children and pets.
- Regularly inspect the grinding points for any signs of wear or damage before use. Do not use damaged points.
- Be aware of your surroundings and ensure that bystanders are at a safe distance while operating the grinding points.

## Specific Safety Precautions for Use

- Only use the grinding points with compatible tools as specified by the manufacturer.
- Do not exceed the maximum operating speed of the grinding points to prevent breakage.
- Avoid applying excessive pressure while grinding, as this may cause the points to wear out quickly or break.
- Use the grinding points on a stable surface to maintain control during operation.
- If sparks are generated during use, ensure that there are no flammable materials nearby.
- In case of any injury or accident, seek medical attention immediately.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the power tool is turned off and unplugged before installation.
- Select the appropriate grinding point for your task.
- Insert the shank of the grinding point into the tool's collet or chuck, ensuring it is securely fastened.
- Tighten the collet or chuck according to the manufacturer's instructions.

### 2. Usage:

- Plug in the power tool and turn it on.
- Allow the grinding point to reach full speed before making contact with the material.
- Gently guide the grinding point onto the material without applying too much pressure.
- Move the grinding point smoothly and steadily across the surface to achieve the desired finish.
- After use, turn off the power tool and unplug it before removing the grinding point.

## **Disposal Instructions**

- Dispose of any used or worn grinding points in accordance with local regulations.
- Do not dispose of grinding points in regular household waste.
- Consider recycling options where available to minimize environmental impact.

## **Contact Information for Further Support**

For any questions or concerns regarding the PREMIUM GRINDING POINT KIT, please refer to the manufacturer's contact information provided with the product packaging.

## **Conclusion**

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your PREMIUM GRINDING POINT KIT. Always prioritize safety and report any unsafe conditions or incidents to the appropriate authorities. Thank you for choosing Brownells, and happy grinding!
