

PREMIUM GRINDING POINT KIT - BROWNEllS #1 (B-45) GRINDING STONE REFILL 6 PACK

[Gunsmith Tools](#) > [Power Tools & Accessories](#) > [Grinding Bits](#)

The Most Popular/Useful Shapes & Sizes

Brownells "Premium Plus" stones are the very finest we can offer. Industrial grade cobalt is added to uniformly sized aluminum oxide crystals and bonded with special, cool-running adhesives to form the hardest, longest-wearing, fastest-cutting, grinding points available to the trade. Gives a smooth, ready-to-finish surface on all types of ferrous and non-ferrous metals. Stones resist filling and gouging; can be re-ground or re-shaped, lasting much longer than "hobby" grade points. Hardened steel shafts are nickel plated for long life and stay concentric even with repeated use. We picked our 10 most popular grinding points and put 3 of each into a convenient, easy-to-store Kit and included a very special price for buying all 30 points at one time. Plus, the economical Refill 6-Paks make it easy to keep your Kit well stocked.

Attributes

- Name: [BROWNEllS #1 \(B-45\) GRINDING STONE REFILL 6 PACK](#)
- Manufacturer: [BROWNEllS](#)

PREMIUM GRINDING POINT KIT BROWNELLS #1

Safety Instruction Guide

Introduction

Congratulations on your purchase of the PREMIUM GRINDING POINT KIT BROWNELLS #1 (B45) GRINDING STONE REFILL 6 PACK. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this document carefully before using the grinding points.

General Safety Guidelines

- Ensure that all users are aware of the potential hazards associated with the use of grinding points.
- Always wear appropriate personal protective equipment (PPE), including safety glasses, gloves, and a dust mask.
- Keep the working area clean and welllit to avoid accidents.
- Ensure that children and vulnerable individuals are kept away from the product and the work area.
- Familiarize yourself with the product before use, including its features and limitations.
- Regularly inspect the grinding points for signs of wear or damage before each use.

Specific Safety Precautions for Use

- Use only with compatible tools as specified by the manufacturer.
- Do not exceed the recommended speed for the grinding points to avoid breakage.
- Avoid applying excessive pressure while grinding; let the tool do the work.
- Ensure that the grinding points are properly secured in the tool before use.
- Do not use damaged or worn grinding points; replace them immediately.
- Always operate the tool in a stable position to maintain control during use.
- Be cautious of hot surfaces and materials; allow them to cool before handling.

Instructions for Installation and Usage

1. Installation:

- Select the appropriate grinding point for your application.
- Ensure that the tool is unplugged or turned off before changing grinding points.
- Insert the shank of the grinding point into the tool's chuck or collet.
- Tighten the chuck or collet securely to hold the grinding point in place.

2. Usage:

- Turn on the tool and allow it to reach the desired speed.
- Position the workpiece securely to prevent movement during grinding.
- Gently bring the grinding point into contact with the workpiece, applying light pressure.
- Move the grinding point smoothly across the surface, avoiding excessive pressure.
- Monitor the grinding point and workpiece for overheating; pause if necessary to allow cooling.

3. PostUse:

- Turn off and unplug the tool after use.
- Clean the grinding points and the work area to remove debris.
- Store the grinding points in a safe, dry place away from children.

Disposal Instructions

- Dispose of used grinding points in accordance with local regulations.
- Do not dispose of grinding points in regular household waste if they are considered hazardous.
- Check with local waste management authorities for specific disposal instructions.

Contact Information for Further Support

For any questions or concerns regarding the PREMIUM GRINDING POINT KIT BROWNELLS #1, please refer to the manufacturer's contact information provided with the product packaging or on the official website.

By following these safety instructions, you can ensure a safe and effective experience while using the PREMIUM GRINDING POINT KIT BROWNELLS #1. Always prioritize safety and adhere to the guidelines provided in this manual.
