

# PREMIUM GRINDING POINT KIT - BROWNELLS #4 (W-181) GRINDING STONE REFILL 6 PACK

[Gunsmith Tools](#) > [Power Tools & Accessories](#) > [Grinding Bits](#)

## The Most Popular/Useful Shapes & Sizes

Brownells "Premium Plus" stones are the very finest we can offer. Industrial grade cobalt is added to uniformly sized aluminum oxide crystals and bonded with special, cool-running adhesives to form the hardest, longest-wearing, fastest-cutting, grinding points available to the trade. Gives a smooth, ready-to-finish surface on all types of ferrous and non-ferrous metals. Stones resist filling and gouging; can be re-ground or re-shaped, lasting much longer than "hobby" grade points. Hardened steel shafts are nickel plated for long life and stay concentric even with repeated use. We picked our 10 most popular grinding points and put 3 of each into a convenient, easy-to-store Kit and included a very special price for buying all 30 points at one time. Plus, the economical Refill 6-Paks make it easy to keep your Kit well stocked.

## Attributes

- Name: [BROWNELLS #4 \(W-181\) GRINDING STONE REFILL 6 PACK](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 080697004

# **Safety Instruction Guide for PREMIUM GRINDING POINT KIT BROWNELLS #4 (W181) GRINDING STONE REFILL 6 PACK**

## **Introduction**

Thank you for choosing the PREMIUM GRINDING POINT KIT from Brownells. This product is designed for professional and hobbyist use in grinding and shaping various metals. To ensure your safety and the longevity of the product, please read and follow these guidelines carefully.

## **General Safety Guidelines**

- Always wear appropriate personal protective equipment (PPE) such as safety goggles, gloves, and a dust mask when using grinding points.
- Ensure your workspace is clean and free from clutter to prevent accidents.
- Keep all tools and materials out of reach of children and pets.
- Do not use the grinding points for purposes other than those intended.
- Regularly inspect the grinding points for wear and damage before use.
- Be aware of your surroundings and ensure no bystanders are in the vicinity when operating the tool.

## **Specific Safety Precautions for Use**

- Always use the grinding points at the recommended speed settings of your tool to avoid overheating and damage.
- Do not exceed the maximum RPM rating of the grinding points as specified by the manufacturer.
- Ensure that the grinding point is securely attached to the tool before use.
- Avoid applying excessive pressure while grinding; let the tool do the work.
- If you experience any unusual vibrations, noises, or smoke, stop the operation immediately and inspect the grinding point and tool.
- Use the grinding points in a wellventilated area to minimize inhalation of dust or fumes.

## **Instructions for Installation and Usage**

### **1. Installation:**

- Ensure the tool is unplugged or turned off before installing the grinding point.
- Select the appropriate grinding point for your task.
- Insert the shank of the grinding point into the tool's chuck or collet.
- Tighten the chuck or collet securely to hold the grinding point in place.
- Doublecheck that the grinding point is firmly attached before turning on the tool.

### **2. Usage:**

- Plug in or turn on the tool and allow it to reach the desired speed.
- Hold the workpiece securely and position it against the grinding point.
- Move the workpiece steadily and evenly against the grinding point, applying light pressure.
- Monitor the grinding point for wear and replace it as necessary.
- After use, turn off the tool and unplug it before changing or storing the grinding points.

## **Disposal Instructions**

- Dispose of used grinding points in accordance with local waste disposal regulations.
- Do not dispose of grinding points in regular household waste if they contain hazardous materials.
- Consider recycling options where applicable to minimize environmental impact.

## **Contact Information for Further Support**

For any inquiries regarding safety, product usage, or to report unsafe products, please refer to the relevant authorities or your point of purchase for assistance.

By following these safety instructions, you can ensure a safe and effective experience with your PREMIUM GRINDING POINT KIT. Thank you for your attention to safety and for choosing Brownells.
