# Safety Instruction Guide for SOCKET HEAD CAP & SET SCREW KIT

## Introduction

Thank you for choosing the Brownells Socket Head Cap & Set Screw Kit. This guide provides important safety instructions to ensure the safe use of this product. Please read this guide carefully before using the kit.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the kit out of reach of children and vulnerable individuals.
- Regularly inspect the kit for any signs of damage or wear.
- Do not use damaged screws or tools, as they may pose a safety risk.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) such as safety goggles and gloves when using screws and tools.
- Ensure that the work area is clean and free of hazards.
- Use the correct size and type of screw for your application to avoid stripping or breaking.
- Be cautious when handling screws to avoid injury from sharp edges.
- Do not exceed the recommended torque specifications for screws to prevent failure.
- Store the kit in a cool, dry place to prevent corrosion and damage.

## Instructions for Installation and Usage

### 1. Selecting the Right Screw:

- Choose the appropriate size and length of cap or set screw for your project.
- Refer to the specifications provided in the product description for guidance.

### 2. Preparation:

- Gather all necessary tools, including a screwdriver or Allen wrench compatible with the screws.
- Ensure the surface you are working on is stable and secure.

### 3. Installation:

- Align the screw with the predrilled hole.
- Insert the screw and handtighten it to ensure it is properly seated.
- Use the appropriate tool to tighten the screw to the required torque specification.
- Avoid overtightening, as this may damage the material or the screw.

### 4. PostInstallation:

- Inspect the installation to ensure all screws are securely fastened.
- Clean up any debris or leftover screws from the work area.

## **Disposal Instructions**

- Dispose of any unused or damaged screws in accordance with local regulations.
- Do not dispose of screws in regular household waste if they are considered hazardous.
- Consider recycling options for metal screws where applicable.

## **Contact Information for Further Support**

For safety inquiries or further assistance, please contact the EUbased support center associated with this product.
