

PLUG SCREW KIT - BROWNELLS POSITIVE STOP REFILL 6-48 STAINLESS STEEL 12 PACK

[Gunsmith Tools](#) > [Small Hardware](#) > [Metal Screws](#)

Plug Most Any Sight Or Scope Mount Hole On Blued & Stainless Steel Firearms

Handy, money saving assortment of positive stop and standard plug screws in the two most popular sizes. Plug screws are a real time saver around the shop. Fast and easy way to fill holes on barrels and firearm receivers. Can be ground flush and blued or polished, and most times it will be tough to tell if a hole was ever there. Positive stop screws have a rounded top that blends right in with most barrel contours without grinding. Kit also includes pair of chrome-plated, flat jaw tweezers to easily pick up the right screw, and our handy Checker/Shortener Jig makes grinding screws to the right length fast and easy.

Safety Instruction Guide for PLUG SCREW KIT BROWNELLS POSITIVE STOP REFILL 648 STAINLESS STEEL 12 PACK

Introduction

Thank you for choosing the PLUG SCREW KIT BROWNELLS POSITIVE STOP REFILL 648 STAINLESS STEEL 12 PACK. This product is designed to provide a reliable and efficient solution for filling holes in barrels and firearm receivers. To ensure your safety and the proper use of this product, please read this guide carefully.

General Safety Guidelines

- Always handle tools and screws with care to prevent injury.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect screws and tools for any damage before use.
- Use personal protective equipment (PPE) such as safety glasses and gloves when working with this product.
- Follow all instructions provided in this guide to avoid hazards.

Specific Safety Precautions for Use

- Ensure that the workspace is clean and welllit before starting any work.
- Avoid using excessive force when inserting or removing screws to prevent stripping or breaking.
- Be cautious of sharp edges on screws and tools.
- Do not use the screws for any purpose other than intended.
- If you experience any discomfort or injury while using the product, stop immediately and seek assistance.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including the plug screws from the kit and any additional tools required for your specific application.
- Ensure that your workspace is clean and organized.

2. Selecting the Right Screw:

- Choose the appropriate size of plug screw for your application. Refer to the specifications in the product description for guidance.

3. Inserting the Plug Screw:

- Align the screw with the hole you wish to fill.
- Use a screwdriver to gently insert the screw into the hole. Do not apply excessive force.
- If using a positive stop screw, ensure that the rounded top is flush with the barrel contour.

4. Finishing:

- After installation, you may grind the screw flush and apply bluing or polishing as desired.
- Ensure that the installation is secure and that the screw is not loose.

5. Tweezers Usage:

- Utilize the included chromeplated tweezers to easily handle and pick up screws.

Disposal Instructions

- Dispose of any unused screws and packaging materials in accordance with local regulations.
- Do not dispose of screws in regular household waste if they are deemed hazardous. Check local guidelines for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the product, please refer to the manufacturer's contact details provided on the packaging or visit the manufacturer's website.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience while using the PLUG SCREW KIT BROWNELLS POSITIVE STOP REFILL 648 STAINLESS STEEL 12 PACK. Always prioritize safety and adhere to best practices to avoid accidents. Thank you for your attention to these guidelines.
