## Sharp, Precision-Ground Stones With Clean Cutting Edges For Superb Trigger And Sear Work

Flawless, man-made ceramic stones polish the surface of steel as they cut, so you save time as you produce a clean, ripple free surface on any metal with just a few easy strokes. Double, precision grinding after high pressure extrusion produces the consistent, extra-fine grit, true angles and the sharp, perfectly square edges necessary for top quality handgun and rifle trigger work. Extra hard ceramic material maintains its surface so edges stay square and straight without chips or glazing. Cuts can be made dry - so there's no messy cleanup - or with water. With normal care these high quality stones will maintain their edge and last a lifetime.

## Attributes

- Name: [GUNSMITH'S PREMIUM CERAMIC STONE SET](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 080721000
- Mfr. No.:

## Safety Instructions

### Introduction

Thank you for choosing the GUNSMITH'S PREMIUM CERAMIC STONE FILE SET. This product is designed to enhance your metalworking experience by providing highquality ceramic stones for polishing and finishing. To ensure safe usage and optimal performance, please read and follow these safety instructions carefully.

### General Safety Guidelines

- Ensure that the work area is clean and welllit to prevent accidents.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using this product.
- Keep the stones out of reach of children and pets to prevent accidental injury.
- Inspect the ceramic stones for any damage before use. Do not use damaged stones.
- Follow all local regulations regarding the disposal of materials and tools.

### Specific Safety Precautions for Use

- **Avoid Direct Contact:** Do not touch the cutting edges of the stones directly with your fingers while in use.
- **Proper Handling:** Handle the stones carefully to avoid dropping them, as they may chip or break upon impact.
- **Use in Dry Conditions:** While the stones can be used with water, it is recommended to use them in dry conditions to minimize slipping and maximize control.
- **Maintain a Firm Grip:** Always maintain a firm grip on the workpiece and the stone during use to prevent slipping.
- **Do Not Force the Tool:** Allow the stones to do the work. Forcing them may cause damage to both the stones and the workpiece.

### Instructions for Installation and Usage

#### 1. Preparation:

- Ensure that the work area is clean and organized.
- Gather all necessary materials, including the ceramic stone set and protective equipment.

#### 2. Using the Stones:

- Select the appropriate stone based on the shape and size of the area you need to work on:
  - Triangle Stone: .250" (6.3mm) wide
  - Square Stone: .350" (8.8mm) wide
  - Round Stone: .250" (6.3mm) diameter
- Hold the stone firmly in one hand and the workpiece in the other.
- Apply light pressure and make smooth, even strokes across the surface of the metal.
- Clean the stone periodically to remove metal filings and debris.

#### 3. PostUse Care:

- After use, clean the stones with a soft brush or cloth to remove any residue.
- Store the stones in the fitted plastic tray with lid to protect them from damage.

## **Disposal Instructions**

- Dispose of any damaged stones according to local waste disposal regulations.
- Do not dispose of stones in regular household waste if they are broken; check for special disposal instructions in your area.

## **Contact Information for Further Support**

For any questions or concerns regarding the GUNSMITH'S PREMIUM CERAMIC STONE FILE SET, please refer to the product packaging for the manufacturer's contact information. You can also check for safety updates and recall information on the EU's Safety Gate platform.

Thank you for your attention to these safety guidelines. By following these instructions, you can ensure a safe and effective experience with your GUNSMITH'S PREMIUM CERAMIC STONE FILE SET.
