

"WHEELS-N-POLISH" - 8" "WHEELS-N-POLISH" KIT

[Gunsmith Tools & Supplies](#) > [Metal Prep & Coloring](#) > [Polishing Tools & Accessories](#) > [Polishing Wheels](#)

All You Need To Get Started Right

"What do I need to start polishing guns?" These kits make getting going easy. With them, you can start polishing and the money from those jobs will help pay for a super, top-of-the-line setup. The Kits include both stitched and loose muslin wheels plus two Polish-O-Ray® grits and our Bluing Instruction book that shows you how, and when, to use those wheels and grits to achieve the look wanted. WHICH KIT, 6" or 8"? If you have a 1/3 or 1/2" hp, 1800 rpm motor, buy the 6" Kit. If your 1800 rpm motor has 3/4" to 1 hp, pick the 8". (A small motor can't pull large wheels.)

WHEELSNPOLISH 8" KIT Safety Instruction Guide

Introduction

Thank you for purchasing the WHEELSNPOLISH 8" KIT. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this guide carefully before using the kit.

General Safety Guidelines

- Ensure that the product is used in accordance with all instructions provided in this guide.
- Always inspect the kit and its components for any damage or wear before use. Do not use damaged items.
- Keep the kit out of reach of children and vulnerable individuals.
- Use the kit in a wellventilated area to avoid inhalation of dust or particles.
- Wear appropriate personal protective equipment (PPE), including safety goggles and dust masks, when polishing.
- Be aware of your surroundings and ensure a clear workspace to avoid accidents.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- **Motor Compatibility:**
 - Ensure your motor is compatible with the kit. Use the 6" Kit for a 1/3 or 1/2" hp, 1800 rpm motor. Use the 8" Kit for a 3/4" to 1 hp, 1800 rpm motor.
- **Polishing Wheels:**
 - Always check that the wheels are securely attached before use.
 - Do not exceed the recommended RPM for the wheels as specified in the motor's manual.
- **Dust and Particles:**
 - Avoid inhaling dust generated during polishing. Use a dust mask to minimize exposure.
- **Skin Contact:**
 - Avoid direct skin contact with polishing compounds. If contact occurs, wash the affected area with soap and water.
- **Storage:**
 - Store the kit in a dry and cool place, away from direct sunlight and moisture.

Instructions for Installation and Usage

1. Preparation:

- Gather all components of the WHEELSNPOLISH 8" KIT, including the muslin wheels, PolishORay grits, and instruction booklet.
- Choose a clean, flat surface to set up your workspace.

2. Attach the Wheels:

- Select the appropriate muslin wheel (stitched or loose) for your polishing task.
- Securely attach the wheel to the motor's arbor, ensuring it is tightly fastened.

3. Select PolishORay Grit:

- Choose the appropriate grit (240 or 400) based on the desired finish.
- Apply a small amount of the chosen grit to the polishing wheel.

4. Polishing Process:

- Turn on the motor and allow it to reach full speed before introducing the item to be polished.
- Gently press the item against the wheel to achieve the desired polish, moving it back and forth for an even finish.
- Do not apply excessive pressure; let the wheel do the work.

5. PostUse Care:

- Once polishing is complete, turn off the motor and remove the item.
- Clean the workspace and dispose of any dust or debris responsibly.

Disposal Instructions

- Dispose of any unused polishing compounds and materials in accordance with local regulations.
- Recycle packaging materials where possible.
- Do not dispose of the product in household waste. Check with local waste management for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding the WHEELSNPOLISH 8" KIT or its safety, please refer to the contact information provided on the product packaging or the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective polishing experience with your WHEELSNPOLISH 8" KIT. Thank you for your attention to safety.
