

# HOLE CENTER PUNCHES - BROWNELLS #6 HOLE CENTER PUNCH ONLY

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Punches](#)

## Use Sights, Ribs Or Bases As Their Own Drill Jig

3 special Center Punches with outside diameters (O.D.) that match the clearance drill size of the most popular sight, rib and scope base mounting screws. Ground, parallel-sided punches reach through even the thickest handgun rib. Ends guess-work and hole center-to-center spacing problems. To Use: Level gun in vise or scope mounting jig, position and level sight, rib or base, and clamp in place. Place correct size punch in hole and lightly tap with a 4-oz. hammer. Remove base; drill and tap first hole; re-install base and check positioning. If everything is "square", re-clamp and finish other holes.

## Attributes

# HOLE CENTER PUNCHES BROWNELLS #6 Safety Instruction Guide

## Introduction

Thank you for choosing the HOLE CENTER PUNCHES BROWNELLS #6. This product is designed to assist in the precise alignment of holes for mounting sights, ribs, and scope bases. To ensure safe and effective use, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure the work area is clean and free of any obstructions that could cause accidents.
- Wear appropriate personal protective equipment, including safety goggles and gloves, to protect against debris and sharp objects.
- Keep the product out of reach of children and individuals who may not understand its use.
- Regularly inspect the tool for any signs of wear or damage. Do not use if damaged.
- In case of an accident or injury, seek medical assistance immediately.

## Specific Safety Precautions for Use

- Use the HOLE CENTER PUNCHES only for their intended purpose of marking hole centers.
- Ensure the workpiece is securely clamped or held to prevent movement during use.
- Use a proper hammer that is appropriate for the size of the punch; a 4oz. hammer is recommended.
- Avoid excessive force when tapping the punch; this may cause damage to the punch or workpiece.
- Do not attempt to modify or repair the punch. Contact the manufacturer for any issues.

## Instructions for Installation and Usage

### 1. Preparation:

- Level the gun in a vise or scope mounting jig.
- Position and level the sight, rib, or base on the workpiece.
- Securely clamp the sight, rib, or base in place.

### 2. Using the Hole Center Punch:

- Select the correct size punch that matches the clearance drill size of the screws.
- Insert the punch into the hole where you want to mark the center.
- Gently tap the punch with a 4oz. hammer to create a mark.
- Remove the base and proceed to drill and tap the first hole.
- Reinstall the base and check the positioning to ensure everything is square.
- If the positioning is correct, reclamp the assembly and finish drilling the remaining holes.

### 3. PostUse:

- Clean the punch after use to remove any debris or residue.
- Store the punch in a dry and safe location to prevent damage.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste. Follow your local guidelines for the disposal of metal.

tools.

## **Contact Information for Further Support**
