

HOLE CENTER PUNCHES - #8 HOLE CENTER PUNCH ONLY

[Gunsmith Tools & Supplies](#) > [General Gunsmith Tools](#) > [Punches](#)

Use Sights, Ribs Or Bases As Their Own Drill Jig

3 special Center Punches with outside diameters (O.D.) that match the clearance drill size of the most popular sight, rib and scope base mounting screws. Ground, parallel-sided punches reach through even the thickest handgun rib. Ends guess-work and hole center-to-center spacing problems. To Use: Level gun in vise or scope mounting jig, position and level sight, rib or base, and clamp in place. Place correct size punch in hole and lightly tap with a 4-oz. hammer. Remove base; drill and tap first hole; re-install base and check positioning. If everything is "square", re-clamp and finish other holes.

Attributes

- Name: [#8 HOLE CENTER PUNCH ONLY](#)
- Manufacturer: [BROWNELLS](#)

HOLE CENTER PUNCHES #8 Safety Instruction Guide

Introduction

Thank you for choosing the HOLE CENTER PUNCHES #8. This product is designed to assist in accurately marking the center of holes for mounting sights, ribs, or bases on firearms. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always use the HOLE CENTER PUNCHES #8 in accordance with the manufacturer's instructions.
- Ensure that the work area is clean and free from unnecessary clutter to prevent accidents.
- Keep the product out of reach of children and unauthorized users.
- Use appropriate personal protective equipment (PPE) such as safety glasses to protect your eyes from debris.
- Regularly inspect the punch for any signs of damage or wear before use. Do not use if damaged.
- Store the punches in a safe and dry place when not in use.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before starting any work.
- Always secure the firearm in a stable position using a vise or a scope mounting jig.
- Avoid excessive force when tapping the punch; a light tap is sufficient.
- Do not place your hands or fingers near the punch while striking it with a hammer.
- Be aware of your surroundings and ensure that no one is in close proximity while using the punch.

Instructions for Installation and Usage

1. Preparation:

- Level the firearm in a vise or scope mounting jig.
- Position and level the sight, rib, or base where you intend to mount it.

2. Punching the Hole:

- Select the correct size HOLE CENTER PUNCH for your application.
- Insert the punch into the designated hole of the sight, rib, or base.
- Lightly tap the punch with a 4oz. hammer to create a mark on the surface.

3. Drilling and Tapping:

- Remove the base or sight after marking the hole.
- Drill and tap the first hole using the mark created by the punch.
- Reinstall the base or sight and check the positioning for accuracy.
- If everything is square, reclamp the base and proceed to finish other holes as needed.

Disposal Instructions

- Dispose of any damaged or wornout punches in accordance with local regulations.
- Do not dispose of the product in household waste. Check for local recycling programs or hazardous waste disposal options.

Contact Information for Further Support

For any safety inquiries or further support regarding the HOLE CENTER PUNCHES #8, please refer to your local distributor or contact the manufacturer directly.

Thank you for your attention to these safety instructions. By following this guide, you can ensure a safe and effective experience while using the HOLE CENTER PUNCHES #8.
