

# REMINGTON RIFLE EXTRACTOR RIVET ANVIL - BROWNELL'S

## REMINGTON RIFLE EXTRACTOR RIVET ANVIL

[Gunsmith Tools](#) > [Rifle Tools](#) > [Bolt Tools](#) > [Extractor Tools](#)

### Simplifies Extractor Rivet Peening

Fits inside face bolt recess to support back side of the extractor rivet while you peen the other end to lock a new extractor in place. Just like the one Remington uses with one "cut" added for better support when clamping in the vise.

## Safety Instruction Guide

### Introduction

Thank you for choosing the REMINGTON RIFLE EXTRACTOR RIVET ANVIL. This product is designed to assist in the installation of extractor rivets, ensuring a secure and reliable fit for your Remington rifle. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

### General Safety Guidelines

- Always ensure that the work area is clean and welllit before using the product.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage or wear before each use.
- Use the product only for its intended purpose as specified in this guide.
- Report any unsafe conditions or accidents to the appropriate authorities.

### Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE), including safety glasses and gloves, while using the tool.
- Ensure that the rifle is unloaded and in a safe condition before beginning any work.
- Avoid placing hands near the rivet area when peening to prevent injury.
- Use the product in a stable and secure manner, ensuring it is clamped properly in a vise.
- Follow all manufacturer instructions carefully to avoid misuse or accidents.

### Instructions for Installation and Usage

#### 1. Preparation:

- Ensure the rifle is completely unloaded and in a safe condition.
- Gather all necessary tools and materials, including the REMINGTON RIFLE EXTRACTOR RIVET ANVIL, a hammer, and a vise.

#### 2. Setup:

- Secure the rifle in a stable position using a vise.
- Place the REMINGTON RIFLE EXTRACTOR RIVET ANVIL inside the face bolt recess to support the back side of the extractor rivet.

#### 3. Peening the Rivet:

- Position the extractor rivet in place.
- Using a hammer, gently peen the other end of the rivet to lock the new extractor in place.
- Ensure that you are peening evenly to avoid damaging the rivet or the extractor.

#### 4. Final Checks:

- After installation, check the extractor for proper fit and functionality.
- Ensure that there are no loose parts and that everything is securely in place.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations regarding metal and tool disposal.
- Do not dispose of the product in regular household waste.
- Consider recycling the product if possible.

## **Contact Information for Further Support**

For any inquiries regarding safety or product support, please refer to the manufacturer's contact details provided with your product packaging or visit the manufacturer's website.

Thank you for your attention to these safety instructions. Your safety is our priority.
