

1911 SLIDE FITTING BARS - BROWNELLS 1911 SLIDE FITTING BAR .120" (3.0480MM)

[Gunsmith Tools](#) > [Handgun Tools](#) > [Slide Tools](#)

Remove Slide "Play" Accurately & Professionally

Surface ground and hardened tool steel bars in ten thicknesses - Recommended by agency armorers and top pistolsmiths as the most accurate way to remove vertical slide "play" from the 1911 Auto, its variations and copies. May be slower than the quick-and-dirty methods, but gives an infinitely more accurate and professional job. Basic procedure as follows: Measure gun's slide rail thickness; place closest-sized Slide Fitting Bar in frame "way"; tap frame rail with light hammer to close the "ways" space down to match the slide rail thickness. Complete instructions included.

Safety Instruction Guide for 1911 Slide Fitting Bars

Introduction

Thank you for choosing the 1911 Slide Fitting Bars from Brownells. This product is designed to enhance the precision and performance of your 1911 Auto and its variations. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Always use the product in accordance with the instructions provided.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage before use. Do not use if damaged.
- Report any unsafe conditions or incidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform regularly.

Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the slide fitting bars.
- Ensure that the workspace is clean and free of obstructions to avoid accidents.
- Handle the bars with care to prevent injury from sharp edges.
- Do not apply excessive force when tapping the frame rail; this may cause damage to the firearm or the fitting bars.
- Keep your hands and other body parts clear of the striking area while using a hammer.

Instructions for Installation and Usage

1. Preparation:

- Measure the thickness of your gun's slide rail accurately.
- Select the closest sized Slide Fitting Bar that matches the slide rail thickness.

2. Installation:

- Place the Slide Fitting Bar into the frame "way."
- Using a light hammer, gently tap the frame rail to close the "ways" space down to match the slide rail thickness.
- Repeat the process as necessary to achieve a snug fit.

3. PostInstallation:

- After fitting, check the movement of the slide to ensure it operates smoothly without excessive play.
- Clean the fitting bars after use and store them in the provided polypropylene bench storage box to maintain their condition.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, take it to a designated collection point for proper recycling or disposal.

Contact Information for Further Support

For any safety inquiries or support related to the 1911 Slide Fitting Bars, please refer to the contact information provided on the packaging or the manufacturer's website.

Thank you for your attention to these safety instructions. Your safety is our priority, and we hope you enjoy using the 1911 Slide Fitting Bars.
