

BASIC GUNSMITH KIT - BROWNELLS BASIC GUNSMITHING KIT

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Gunsmithing Tool Kits](#)

Helps You Do Basic Repairs

The 24 tools (plus 6 additional screwdriver bits) in this Kit are among the ones you will find on the work bench of practically all professional gunsmiths. When we chose each one individually, we walked the aisles of our stock room many times, repeatedly handling each of the vast variety of gunsmithing tools we carry. We had two thoughts in mind as we evaluated each tool: (1) If I were advising a good friend starting to work on guns, is this a tool he should have; and, (2) If I were assembling a compact, economical and basic service tool kit for myself, is this one of the tools I would start with. If the tool met both of these basic requirements, it is in the Kit. We feel that with the tools in this Kit you can confidently tackle the basic service, cleaning and repair jobs on practically any gun brought to you. The only exceptions would be where special tools are required for specific and complex, advanced procedures. For those jobs you can prepare yourself as you progress. But, this is the Kit you should start with. The Basic Gunsmithing Kit contains the following tools: No. 100 Parallel Pliers; 1" Nylon/Brass Hammer; No. 81 MAGNA-TIP® Screwdriver; Screwdriver Bits Nos. 1 - 2 - 6 - 00 - 10 - 20 and 30; Two sizes Instrument Screwdrivers; Main Spring Vise; MF134 India Stone; M-16 Brush; 1/8" x 6" Pin Punch; 5/32" x 6" Pin Punch; 1/16" Starter Punch; 3/32" Starter Punch; Brownells Replacement Pin-Punch Set; 2" Replacement Punch Assortment; Nylon/Brass Drift Pin Punch Set; Gunsmith Bench Knife; 8" No. 2 Cut Hand File; Sight Base File; 4-in-1 Hand Rasp; Scribe-Hook; No. 1033 6" Chain Nose Pliers; No. 91 Allen Wrench Set; Screw Check'r and Kit Box.

BASIC GUNSMITH KIT SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the BASIC GUNSMITH KIT by BROWNELLS. This kit is designed to provide you with essential tools for gunsmithing tasks. To ensure your safety and the effective use of the tools, please carefully read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always read the user manual and safety instructions before using the tools.
- Keep the tools out of reach of children and vulnerable individuals.
- Inspect tools for damage or wear before each use. Do not use damaged tools.
- Use tools only for their intended purpose.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using tools.
- Ensure your workspace is clean, welllit, and free from distractions.
- Always use tools in a stable position to avoid accidents.
- Be aware of your surroundings and ensure no one is in the way when using tools.
- In case of an accident or injury, seek medical attention immediately.

Specific Safety Precautions for Use

- **Parallel Pliers:** Use with care to avoid pinching fingers. Always keep hands clear of the plier's jaws when closing.
- **Hammer:** Ensure the hammer is used on appropriate surfaces. Do not use it on fragile materials.
- **Screwdrivers:** Use the correct size screwdriver for the fastener to prevent slipping and damaging the tool or the workpiece.
- **Pin Punches:** Always use a punch that fits the pin snugly. Do not strike the punch directly with your hand.
- **Files and Rasps:** Use with a firm grip and apply even pressure. Avoid excessive force which could cause slipping.
- **ScribeHook:** Handle with care to avoid injury. Keep the pointed tip covered when not in use.
- **Replacement Punch Assortment:** Ensure you select the correct punch size for the job to avoid damage.

Instructions for Installation and Usage

1. Set Up Your Workspace:

- Choose a flat, stable surface for your work.
- Ensure adequate lighting and ventilation.
- Gather all necessary tools from the kit.

2. Using the Tools:

- **Parallel Pliers:** Grip the item securely and squeeze the handles to apply force.
- **Hammer:** Hold the hammer by the handle and strike with controlled force.
- **Screwdrivers:** Insert the screwdriver into the screw head and turn clockwise to tighten or counterclockwise to loosen.
- **Pin Punches:** Position the punch over the pin and strike with the hammer to drive the pin out.
- **Files and Rasps:** Move the file in one direction, applying light pressure to shape the material.
- **ScribeHook:** Use to mark precise lines on your workpiece before cutting or drilling.

3. After Use:

- Clean each tool after use to remove debris and prevent rust.
- Store tools in the provided kit box to keep them organized and protected.

Disposal Instructions

- Dispose of any damaged tools responsibly according to local regulations.
- Do not throw tools in regular household waste. Check for recycling programs in your area.
- Ensure that any sharp or dangerous tools are disposed of in a manner that prevents injury to others.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the BASIC GUNSMITH KIT, please reach out to the designated EU contact point provided on the product packaging or instruction manual.

Thank you for prioritizing safety while using the BASIC GUNSMITH KIT. Enjoy your gunsmithing experience!
