One File Does It All: Trues, Deburrs & Squares Slide Rails

Clean up and square slide rails with one side of this file, turn it over and deburr or enlarge the rail channels with the other. Specially ground, stepped file does the job of two or more separate files and the safe edges make sure that only the areas that need to be cut, get cut. Simplifies, speeds up and adds precision to slide fitting work.

Safety Instruction Guide for BROWNELLS 1911 SLIDE/FRAME RAIL FILE

Introduction

Thank you for choosing the BROWNELLS 1911 SLIDE/FRAME RAIL FILE. This guide provides important safety instructions and guidelines to ensure the safe and effective use of this product. Please read and follow these instructions carefully to prevent accidents and ensure optimal performance.

General Safety Guidelines

- Always use the file in a welllit area.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, to protect against debris and sharp edges.
- Keep the file out of reach of children and pets.
- Inspect the file before each use to ensure it is in good condition. Do not use if damaged.
- Avoid using the file on materials other than intended, as this may cause injury or damage to the tool.
- Store the file in a safe and dry place when not in use.

Specific Safety Precautions for Use

- Ensure that the surface you are working on is stable and secure to prevent slipping.
- Use the file with both hands for better control and stability.
- Do not apply excessive force when using the file; let the tool do the work.
- Be cautious of sharp edges when handling the file.
- If you experience any discomfort or pain while using the file, stop immediately and consult a professional.

Instructions for Installation and Usage

1. Preparation:

- Clean the area where you will be using the file to ensure a clear working space.
- Gather all necessary tools and PPE before starting.

2. Using the File:

- Hold the file firmly with one hand on the handle and the other hand on the file's body.
- Use the flat side of the file to clean up and square slide rails.
- To deburr or enlarge rail channels, flip the file over and use the other side.
- Apply even pressure while moving the file along the surface; avoid twisting or bending the file.

3. PostUse:

- After use, clean the file with a soft cloth to remove any debris.
- Inspect the file for any signs of wear or damage before storing it.

Disposal Instructions

- Dispose of the file in accordance with local regulations.
- If the file is damaged beyond repair, consider recycling the metal components where possible.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of the BROWNELLS 1911 SLIDE/FRAME RAIL FILE, please consult the manufacturer or authorized retailer for assistance.

Remember, following these safety instructions will help ensure a safe and effective experience with your BROWNELLS 1911 SLIDE/FRAME RAIL FILE. Thank you for prioritizing safety!
