# STOCKMAKER'S STARTER SET Safety Instruction Guide

## Introduction

Thank you for choosing the STOCKMAKER'S STARTER SET by BROWNELLS. This comprehensive collection includes essential tools for transforming a roughcut, semiinletted blank into a beautiful work of art. To ensure your safety and the effective use of these tools, please read and follow the guidelines outlined in this manual.

## General Safety Guidelines

- Always read the instructions and safety guidelines before using any tools.
- Keep tools out of reach of children and vulnerable individuals.
- Inspect tools before use to ensure they are in good condition.
- Use tools only for their intended purpose.
- Wear appropriate personal protective equipment (PPE) such as safety goggles, gloves, and dust masks when necessary.
- Maintain a clean and organized workspace to prevent accidents.
- Be aware of your surroundings and ensure that no one is in the vicinity of your work area when using tools.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

### • Chisels and Gouges:

- Always cut away from your body to avoid injury.
- Use chisels and gouges only on stable surfaces.
- Store chisels and gouges in a protective case when not in use.

### • Files and Scrapers:

- Use files and scrapers with a firm grip and steady hand.
- Avoid applying excessive force; let the tool do the work.
- Clean files and scrapers after use to remove debris.

### • Carving Knife:

- Always use the carving knife with caution, keeping fingers away from the blade.
- Ensure the knife is sharp to minimize the risk of slipping.
- Store the knife in a protective sheath when not in use.

### • Mallet:

- Use the mallet only with appropriate chisels and gouges.
- Ensure a secure grip on the tool being struck to prevent accidents.

### • Sandpaper:

- Use sandpaper in a wellventilated area to avoid inhaling dust.
- Dispose of used sandpaper properly to prevent fire hazards.

# Instructions for Installation and Usage

## 1. Preparation:

- Gather all tools and materials needed for your project.
- Ensure your workspace is clean and welllit.

## 2. Using Chisels and Gouges:

- Select the appropriate chisel or gouge for your task.
- Secure your workpiece on a stable surface.
- Hold the tool firmly and apply even pressure while cutting.

## 3. Using Files and Scrapers:

- Choose the right file or scraper based on the material being worked on.
- Position the file or scraper at the correct angle for optimal results.
- Move the tool in a controlled manner, applying light pressure.

## 4. Using the Carving Knife:

- Hold the carving knife with a firm grip.
- Start with shallow cuts and gradually deepen as needed.
- Always cut away from your body and keep your hands clear of the blade.

## 5. Using the Mallet:

- Position the chisel or gouge on the workpiece.
- Strike the tool gently with the mallet, ensuring accuracy and control.

## 6. Sanding:

- Select the appropriate grit of sandpaper for your project.
- Sand in the direction of the grain to achieve a smooth finish.
- Change sandpaper as needed to maintain effectiveness.

## Disposal Instructions

- Dispose of all tools and materials in accordance with local regulations.
- Check for any specific disposal guidelines for hazardous materials, such as used sandpaper or broken tools.
- Recycle materials whenever possible to minimize environmental impact.

## Contact Information for Further Support
