

SHOTGUN SIGHT INSTALLERS - SHOTGUN SIGHT INSTALLER MEDIUM STEEL

[Gunsmith Tools & Supplies](#) > [Shotgun Tools](#) > [Shotgun Sight Tools](#)

No-Mar Installation With A Minimum Of Breakage

The "clean" installation of aluminum or brass shotgun sights has always been one of the bug-a-boos of the gunsmithing profession. The Shotgun Sight Installer exactly fills the need for a truly precision instrument with which to install a shotgun bead without a mark - satisfying even the most particular gun man. The holding jaws are internally ground and lapped to give maximum holding surface on the globe of the sight without marring or damaging the metal. Priced at a level any gunsmith can afford, yet will give a lifetime of service.

Safety Instruction Guide for SHOTGUN SIGHT INSTALLER MEDIUM STEEL

Introduction

Thank you for choosing the SHOTGUN SIGHT INSTALLER MEDIUM STEEL. This guide provides essential safety instructions and operational guidelines to ensure the safe and effective use of the product. Please read this manual carefully before using the product.

General Safety Guidelines

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using the shotgun sight installer.
- Keep the work area clean and welllit to avoid accidents.
- Ensure that the shotgun and any tools used are in good working condition before beginning installation.
- Store the installer in a safe place out of reach of children and unauthorized users.
- Be aware of your surroundings and ensure that no one is in the immediate area while performing installation tasks.

Specific Safety Precautions for Use

- Do not use the shotgun sight installer for any purpose other than installing shotgun sights.
- Ensure the shotgun is unloaded before beginning any work.
- Avoid applying excessive force when using the installer to prevent damage to the sight or the shotgun.
- If you notice any damage to the installer or the sight, discontinue use immediately and consult a qualified gunsmith.
- Keep hands and fingers clear of the jaws during operation to prevent pinching or injury.

Instructions for Installation and Usage

1. Preparation:

- Make sure you have the correct size shotgun sight installer for your specific sight (available sizes: Large .175", Medium .130", Small .067").
- Gather all necessary tools and materials, including the shotgun, sight, and any additional tools required for installation.

2. Installation Steps:

- Ensure the shotgun is completely unloaded and pointed in a safe direction.
- Select the appropriate size installer based on the sight you are using.
- Position the shotgun in a stable and secure manner to prevent movement during installation.
- Carefully place the sight into the jaws of the shotgun sight installer.
- Adjust the jaws to grip the sight securely without applying excessive pressure.
- Align the sight with the designated mounting area on the shotgun.
- Gently press the sight into place, ensuring it is level and properly positioned.
- Once installed, check the sight for stability and make any necessary adjustments.

3. PostInstallation:

- After installation, inspect the sight to ensure it is secure and free from damage.
- Store the shotgun sight installer in a safe location when not in use.

Disposal Instructions

- Dispose of the shotgun sight installer in accordance with local regulations.
- If the product is damaged or no longer usable, consider recycling parts where possible.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For further assistance, please consult the manufacturer's website or contact your local distributor. Always ensure you are reaching out to an authorized representative for safety inquiries.

By following these guidelines, you can ensure the safe use of the SHOTGUN SIGHT INSTALLER MEDIUM STEEL. Thank you for your attention to safety and for choosing our product.
