

# BOLT EJECTOR TOOL - BRN BOLT EJECTOR TOOL SET

[Gunsmith Tools & Supplies](#) > [Rifle Tools](#) > [Bolt Tools](#) > [Ejector Tools](#)

## Faster Removal Of Plunger-Style Ejectors

Tough, steel clamp captures the bolt head, and the large-handled turnscrew depresses the ejector so the ejector pin can be safely removed or installed. Set includes turnscrews to fit both Standard and Small bolt faces; also included are separate bolt head retainers. One will fit bolt bodies up to .720" diameter (standard and small bolt face) and the other will fit AR-15/M16 bolts only. Complete AR-15/M16 Bolt Ejector Tool also available separately. Tools work on bolts with plunger-style ejectors and forward-positioned locking lugs only.

# BOLT EJECTOR TOOL BRN BOLT EJECTOR TOOL SET

## Safety Instructions

### Introduction

Thank you for choosing the BOLT EJECTOR TOOL BRN BOLT EJECTOR TOOL SET. This tool is designed to safely assist in the removal and installation of bolt ejector pins. It is important to follow the safety instructions outlined in this guide to ensure safe and effective use of the tool.

### General Safety Guidelines

- Always read and understand all instructions before using the tool.
- Ensure that the work area is clean and free of obstructions.
- Keep the tool out of reach of children and unauthorized users.
- Use the tool only for its intended purpose.
- Inspect the tool before each use to ensure it is in good working condition.
- Do not use the tool if it is damaged or malfunctioning.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, during use.
- Store the tool in a safe, dry place when not in use.

### Specific Safety Precautions for Use

- Ensure that the bolt is securely held in place before attempting to use the ejector tool.
- Use caution when handling the tool and the bolt ejector pin, as they may be sharp.
- Do not force the tool if it does not operate smoothly; check for obstructions or misalignment.
- Only use the tool on bolts with plungerstyle ejectors and forwardpositioned locking lugs.
- Follow the instructions for fitting the turnscrews to the appropriate bolt face size.
- Avoid wearing loose clothing or jewelry that could become caught in the tool during use.

### Instructions for Installation and Usage

#### 1. Preparation

- Gather all necessary tools and materials.
- Ensure that the work area is clean and welllit.

#### 2. Fitting the Turncrew

- Select the appropriate turncrew for the bolt face size (Standard or Small).
- Align the turncrew with the bolt head and securely clamp it in place using the steel clamp.

#### 3. Depressing the Ejector

- Turn the largehandled turncrew gently to depress the ejector.
- Ensure that the ejector pin is fully accessible for removal or installation.

#### 4. Removing or Installing the Ejector Pin

- Carefully remove the ejector pin from the bolt using appropriate tools.
- To install a new ejector pin, align it properly and gently push it into place.

#### 5. Final Checks

- After installation, ensure that the ejector pin is securely in place.

- Release the turnscrew and remove the tool from the bolt.

## **Disposal Instructions**

- Dispose of the tool in accordance with local regulations.
- Do not dispose of the tool in household waste.
- Consider recycling options where applicable.

## **Contact Information for Further Support**
