## COMPLETE MINI-MAUSER ACTION WRENCH

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Wrenches](#) > [Action Wrenches & Components](#)

The only commercially available action wrench system that surrounds and supports the receiver ring and recoil lug to distribute potentially damaging torque forces equally. The solid steel base has a unique, machined relief to clear the recoil lug on most Mauser-type bolt action rifles and, the individual, bolt-on Heads are machined to provide an exact fit around and against the receiver ring or barrel nut for each of the firearm models listed. Together, they support the receiver in a ring of steel and greatly increase the amount of surface gripping area to totally eliminate twisted bolt ways or damaged, ruined receivers. This is the most advanced, complete, professional-quality, Action Wrench System. With it, you can prevent expensive receiver damage on MOST popular rifle actions, including military models, plus, models for selected handguns. One-piece head provides complete support for lug and receiver. Prevents twisting or crushing receiver.

## SAFETY INSTRUCTIONS

### Introduction

Thank you for choosing the MINIMAUSER RIFLE ACTION WRENCH & HEAD by BROWNELLS. This product is designed to safely and effectively support the receiver ring and recoil lug of your Mausertype bolt action rifles. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

### General Safety Guidelines

- Always handle the action wrench with care and ensure you are in a safe environment when using it.
- Inspect the action wrench and heads for damage before each use. Do not use if any parts are worn or damaged.
- Keep the action wrench and heads out of reach of children and vulnerable individuals.
- Use the action wrench only for its intended purpose as described in this manual.
- If you experience any issues or accidents during use, report them to the appropriate authorities.

### Specific Safety Precautions for Use

- Ensure that the firearm is unloaded and the safety is engaged before using the action wrench.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the action wrench.
- Do not apply excessive force when using the action wrench, as this may damage the firearm or the wrench itself.
- Be aware of your surroundings and ensure that no one is in the vicinity of the wrench when in use.
- Follow all local laws and regulations regarding the use of firearms and tools.

### Instructions for Installation and Usage

#### 1. Preparation

- Ensure that the firearm is unloaded and in a safe condition.
- Gather all necessary tools and components, including the action wrench and the appropriate head for your firearm model.

#### 2. Installation of the Action Wrench

- Align the action wrench with the receiver ring of the firearm.
- Select the appropriate bolton head that fits your specific firearm model.
- Securely attach the head to the action wrench, ensuring a tight fit.

#### 3. Using the Action Wrench

- Position the action wrench around the receiver ring and recoil lug.
- Apply even pressure when turning the wrench, distributing torque evenly across the receiver.
- Avoid sudden or jerky movements that may cause damage.

#### 4. PostUsage Care

- After using the action wrench, clean it and inspect for any signs of wear or damage.
- Store the action wrench and heads in a dry and secure location, away from children.

## **Disposal Instructions**

- Dispose of the action wrench and any damaged parts in accordance with local regulations.
- If the product is no longer usable, consider recycling materials where possible.
- Do not dispose of the product in household waste.
