

# M1 CARBINE RIFLE ACTION WRENCH & HEAD - BROWNELL'S COMPLETE M1 CARBINE ACTION WRENCH

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Wrenches](#) > [Action Wrenches & Components](#)

The only commercially available action wrench system that surrounds and supports the receiver ring and recoil lug to distribute potentially damaging torque forces equally. The solid steel base has a unique, machined relief to clear the recoil lug on most Mauser-type bolt action rifles and, the individual, bolt-on Heads are machined to provide an exact fit around and against the receiver ring or barrel nut for each of the firearm models listed. Together, they support the receiver in a ring of steel and greatly increase the amount of surface gripping area to totally eliminate twisted bolt ways or damaged, ruined receivers. This is the most advanced, complete, professional-quality, Action Wrench System. With it, you can prevent expensive receiver damage on MOST popular rifle actions, including military models, plus, models for selected handguns. Intricately machined to fit around the receiver ring and clear the slide ways for solid support on six surface areas. Fits virtually all military and commercial variations.

## Attributes

- Name: [BROWNELL'S COMPLETE M1 CARBINE ACTION WRENCH](#)
- Manufacturer: [BROWNELL'S](#)
- Product no.: 080800100
- Mfr. No.:

# M1 Carbine Rifle Action Wrench Safety Instructions

## Introduction

Thank you for purchasing the M1 Carbine Rifle Action Wrench by Brownells. This product is designed to provide safe and effective support while working on your firearm. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always handle firearms with care and ensure they are unloaded before use.
- Use the M1 Carbine Rifle Action Wrench only for its intended purpose.
- Keep the wrench and all components out of reach of children and vulnerable individuals.
- Regularly inspect the wrench for any signs of damage or wear before each use.
- Follow all local laws and regulations regarding firearm maintenance and modifications.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure that the action wrench is properly fitted to the firearm model you are working on to avoid damage.
- Use protective eyewear to shield your eyes from debris or accidental discharges.
- Do not exceed the recommended torque specifications when using the wrench to prevent damage to the receiver or bolt.
- Maintain a clean and organized workspace to minimize the risk of accidents.
- Avoid using the wrench in wet or damp conditions to prevent slippage and injury.
- Do not attempt to modify the wrench or its components.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure the firearm is completely unloaded.
- Gather all necessary tools and components.

### 2. Fitting the Wrench

- Select the appropriate bolton head that matches your firearm model.
- Align the head with the receiver ring or barrel nut.
- Secure the head firmly to the wrench base.

### 3. Using the Wrench

- Position the wrench around the receiver ring.
- Ensure that the wrench is providing solid support on all six surface areas.
- Apply torque gradually and evenly to avoid damaging the receiver.
- Monitor the process closely to ensure that no twisting or misalignment occurs.

### 4. PostUse Care

- After use, disassemble the wrench and clean all components.
- Store the wrench in a dry place, away from direct sunlight and moisture.

## Disposal Instructions

- Dispose of the M1 Carbine Rifle Action Wrench and its components in accordance with local regulations.
- If the wrench is damaged beyond repair, contact your local waste management authority for guidance on safe disposal.

## Contact Information for Further Support

For any questions or concerns regarding the M1 Carbine Rifle Action Wrench, please consult the product manual or contact the manufacturer directly. Ensure that you have the product model and serial number available for reference.

By following these safety instructions, you can ensure a safe and effective experience while using the M1 Carbine Rifle Action Wrench. Thank you for your attention to safety and compliance with the EU GPSR.
